BY ELECTRONIC FILING

Ms. Beth Salak, Director
Division of Competitive Markets and Enforcement
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, FL 32399-0866

Dear Ms. Salak:

Attached for filing with the Commission are revisions to the AT&T Communications of the Southern States' Local Exchange Services Price List to be effective May 10, 2007. The revisions are as follows:

Section 7 Third Revised Page 10
Rate Schedule Fourth Revised Page 8
 Fourth Revised Page 19.4

This filing removes Local Number Portability for All-In-One plans. If you have any questions regarding this filing, please do not hesitate to give me a call.

Best regards,

Nancy H. Sims

7. AT&T LOCAL EXCHANGE SERVICES

7.4 Features (Cont'd)

Local Number Portability Service

Local Number Portability (LNP) Service provides end users of telecommunication service, where facilities permit, the ability to retain their existing telephone number when switching from one local exchange service provider to another provided that the end user Customer remains within the same rate center.

LNP Service provides for the completion of all calls to ported telephone numbers, as described above, regardless of where the call originates.

Monthly recurring charges for LNP service will apply to end user Business Service customers receiving AT&T Business Network Service, DS-1 Digital Facilities and DS-1 ISDN PRI on AT&T Business Network Service. Refer to Rate Schedule for charges.

D

Remote Access to Call Forwarding (RACF)

This feature allows a customer to activate/deactivate the automatic transfer of their incoming calls to another telephone number. Users subscribing to RACF must also have or subscribe to Call Forward Variable feature. RACF requires a local dial-in telephone number be provided to the customer. Customer uses a four-digit PIN to access the call-forwarding feature. The user gains remote access to the Call Forward Variable feature from a touch-tone telephone at a remote location.

Remote Call Forwarding

Remote Call Forwarding (RCF) is a service whereby a call placed from a station (the originating station) to a customer's (the RCF customer) telephone number (the call forwarding location) is automatically forwarded by Company central office equipment to another station designated by the RCF customer (the terminating station). Calls forwarded with this feature will be subject to all appropriate local, local toll and/or long distance charges from the call forwarding location to the terminating station.

Limitations:

- A. Remote Call Forwarding service is offered subject to availability of suitable facilities.
- B. RCF service is not offered where the terminating number is a coin or coinless pay telephone.
- C. The Company does not guarantee identification of the originating telephone number to the Remote Call Forwarding customer.
