Interconnection of the Company's facilities with the facilities of other duly authorized and regulated communications common carriers, and with International Record Carriers ("IRCs"), will be permitted.
- B. The obligation of the Company to provide service is dependent upon its ability to procure, construct, and maintain facilities which are required to meet the Subscriber's order for service. The Company reserves the right to provide services only to and from locations where the necessary facilities and/or equipment are available and the furnishing of services under this Tariff is limited to the capacity of the Company's facilities as well as facilities the Company may obtain from other carriers to furnish service from time to time as required at the sole discretion of the Company.

4.7 Payment of Charges

4.7.1 Application of Charges

A. Monthly Recurring Charges

For billing of fixed charges, service is considered to be established upon the day in which the Company notifies the Subscriber of installation and testing of the Subscriber's service.

Unless otherwise specified elsewhere in this Tariff, monthly recurring charges will be billed in arrears and are due upon receipt. The rates charged to a Subscriber will be the rates in effect on the last day of the Subscriber's billing cycle.

After the minimum service period, the full monthly recurring charge applicable for any service provided under this Tariff will apply for each month, or partial month, per account. Except as may be otherwise specified in this Tariff, there will be no pro-ration of this charge for a partial month's service when a Customer cancels service.

B. Minute of Use Rates

Except as otherwise specified in this Tariff, charges will be billed monthly in arrears and are due upon receipt. Subscriber will be billed for all usage accrued beginning immediately upon access to the service. Subscribers will be billed for usage occurring during their specific 30-day billing cycle, which for purposes of computing charges shall be considered a month.

Unless specified otherwise for a particular service, all calls for which a minute of use rate applies will be billed in one-minute increments. Fractional minutes are rounded up to the next minute.

If the computed charge for a call includes a fraction of a cent, the fraction is rounded up to the whole cent (e.g., \$1.244 is rounded up to \$1.25).
