This filing includes a number of text changes and corrections, none of which impact customers or the manner in which services are provided or billed. Consistent with the established rate presentation of monthly charges throughout the tariff, this filing adds clarifying language regarding application of monthly rates in those instances where there is not a separate intrastate monthly charge for those long distance services that are "add-on" services to the interstate service to which the customer is subscribed.

This filing also includes the addition of certain "grandfathered" services to which customers are already subscribed. Under a filing submitted by the company dated April 20, 2006, we introduced a number of services to which customers were subscribed that were being migrated from Sprint during the legal separation of the two companies. Customers subscribed to the services being added under this filing were also migrated during that time; however, a recent audit of our customer base revealed that we inadvertently excluded these service offerings from our initial filing. Customers subscribed to these services are not impacted by this filing, since the terms, conditions and rates being introduced mirror those to which the customers were subscribed under the Sprint tariffs.

This filing additionally reflects certain text and rate corrections, none of which impact customers. The rates being corrected under this filing mirror those in effect at the time the services were migrated from Sprint.

Commission consideration and timely approval of these pages are respectfully requested. If you have any questions or need additional information regarding this filing, please call me.

Sincerely,

Mary L. Matthews

J. 500 Services

500 Services are not available to those residential customers whose home phone line is classified as a "business", "public" or "semi-public" line. The subscriber's account may not have more than one residential phone line associated with the subscriber's account and each household is limited to one 500 Service account. In addition: (1) the subscriber must have individual residential phone line service from the local exchange company or mobile service provider presubscribed to the Company for interstate and intrastate long distance service; (2) the subscriber's phone line may not be in housing associated with educational institutions; and (3) the subscriber may not use this service for commercial use, for connection to the Internet, for other data services (including facsimile transmissions), or for any other use that does not involve a person-to-person conversation or voice message. The 500 anytime minutes per month of Dial-1 usage do not include usage from multi-party conference calls, calls to 900 NPAs, or calls to Directory Assistance. If the Company determines that the service is not being used for individual residential service, or in any other way violates the restrictions of this service, the Company may suspend or terminate the subscriber's service. A monthly recurring charge is applicable. 500 Services are an add-on to the Company's interstate offering and are available only to associated locations.
