106.1.1 Real Solutions Annual II

Real Solutions Annual II is a packaged telecommunications service which offers customers using either domestic and/or international calling the flexibility to choose a flat rated option that is neither distance, time-of-day, day-of-week or usage sensitive (via switched access) for their outbound, toll free, switched data usage.

Real Solutions Annual II services allow for subscriber defined invoicing and reporting. Domestic calls will be billed an eighteen (18) second minimum. After the initial 18 second minimum, calls will be billed in six (6) second increments.

Usage rates are set forth below. Real Solutions Annual II for intrastate use is sold as an add-on service to the Company's interstate offering.

Real Solutions Annual II has four minimum annual commitment levels. The \$12,000 and \$36,000 commitment levels each have one through three-year commitment terms. The \$60,000 commitment level has one and three year commitment terms. The \$300,000 commitment level has a one-year commitment term. Real Solutions Annual II is available to single and multi-location customers for outbound calls which originate using switched access facilities and terminate using shared use facilities. A term plan will automatically renew for an equivalent term and minimum annual commitment level unless the customer provides written notification to cancel the plan, with such notification being received by the Company not less than 45 days prior to the expiration of the term.

The Real Solutions Annual II customer must commit to one of the following minimum annual commitment levels of contributory usage charges: (1) \$12,000, (2) \$36,000, (3) \$60,000, (4) \$300,000. Real Solutions Annual II is available on a one-year, two-year or three-year basis for the \$12,000 and \$36,000 commitment levels; a one-year or three-year basis for the \$60,000 commitment level; and a one year basis for the \$300,000 commitment level. Contributory usage charges (calculated prior to the application of any discounts) are aggregated across outbound, toll free, switched data (inbound and outbound), including all calling options; all locations and all jurisdictions (intrastate, interstate and international) in order to meet the minimum annual commitment level.

The Company reserves the right, after the conclusion of the first three billing months of the Real Solutions Annual II customer's contract, to move the customer to a lower commitment level that is more directly comparable to the customer's current usage.
