This filing grandfathers the Switched Data Services (SDS) and SDS Toll Free options that are available in conjunction with certain business plans. The filing includes a correction to the monthly recurring charge for Solutions Service 7 Cents Plan. This correction does not impact current customers, as all customers are being billed the correct rate. This filing also reflects a name in the change of certain services that are eligible for Block of Time for Integrated Service, with no change in the availability of that service. Regulations restricting the use of Block of Time for Integrated Service are deleted, with no impact to customers. This filing additionally includes a correction to clarify that all monthly recurring charges are billed in advance. This correction does not impact current customers, as all long distance plans are currently billed in advance.

Sincerely,

Debra A. Levy

4. TERMS AND CONDITIONS (Continued)

4.7 Payment of Charges

4.7.1 Application of Charges

A. Monthly Recurring Charges

For billing of fixed charges, service is considered to be established upon the day in which the Company notifies the Subscriber of installation and testing of the Subscriber's service.

Unless otherwise specified elsewhere in this Tariff, monthly recurring charges will be billed in **advance** and are due upon receipt. The rates charged to a Subscriber will be the rates in effect on the last day of the Subscriber's billing cycle. (C)

After the minimum service period, the full monthly recurring charge applicable for any service provided under this Tariff will apply for each month, or partial month, per account. Except as may be otherwise specified in this Tariff, there will be no pro-ration of this charge for a partial month's service when a Customer cancels service.

B. Minute of Use Rates

Except as otherwise specified in this Tariff, charges will be billed monthly in arrears and are due upon receipt. Subscriber will be billed for all usage accrued beginning immediately upon access to the service. Subscribers will be billed for usage occurring during their specific 30-day billing cycle, which for purposes of computing charges shall be considered a month.

Unless specified otherwise for a particular service, all calls for which a minute of use rate applies will be billed in one-minute increments. Fractional minutes are rounded up to the next minute.

If the computed charge for a call includes a fraction of a cent, the fraction is rounded up to the whole cent (e.g., \$1.244 is rounded up to \$1.25).

A Enhanced Voice Solutions customer must commit to one of the following minimum annual commitment levels of contributory usage charges: (1) \$3,000, (2) \$6,000, (3) \$12,000, (4) \$36,000 or (5) \$60,000. Enhanced Voice Solutions is available on a one-year, two-year or three-year basis. Contributory usage charges are aggregated across outbound, toll free, switched data (inbound and outbound)⁽¹⁾; all locations and all jurisdictions (intrastate, interstate and international) in order to meet the minimum annual commitment level. (C)

The Company reserves the right, after the conclusion of the first three billing months of the Enhanced Voice Solutions customer's contract, to move the customer to a lower commitment level that is more directly comparable to the customer's current usage. The customer will, however, be assessed the termination liability if they terminate all Enhanced Voice Solutions service prior to fulfilling their new term commitments.

The rates in effect upon the commencement of the customer's term plan will remain in effect for the duration of the term plan. If the Company decreases the rates for Enhanced Voice Solutions during the term plan, the Customer will receive the lower rates on their first invoice following the effective date of the rate decreases. The Customer may add associated locations at any time during the term. All usage from subsequently-added associated locations will be exempt from any rate increases for the remainder of the term.
