Dear Mrs. Salak:

Pursuant to Florida Statute 364.051, we are filing revisions to our Access Services Tariff. Attached for filing with the Commission are the following tariff pages:

Access Services Tariff

Section E13 - First Revised Page 46

This tariff will expand the customer offering of BellSouth Data Gathering through CARE.

Acknowledgment, date of receipt, and authority number of this filing are requested.

Your consideration and approval will be appreciated.

Yours very truly,

Jerry D. Hendrix (slg)

Regulatory Vice President

EXECUTIVE SUMMARY

Present Tariff

Currently the BellSouth Data Gathering Through CARE service provides a means for ICs, and Resellers to obtain information utilized to submit Preferred Interexchange Carrier (PIC) changes for all numbers associated with a retail end user BTN without requiring the subscriber to obtain and provide this information. Specifically, this service currently allows Interexchange Carriers to submit a CARE record at the Billing Telephone Number (BTN) level and receive all the Working Telephone Numbers (WTNs) and Terminal Numbers (TERs) associated with the BTN. No information will be furnished for residence accounts and/or lines or terminals marked as Non-Published (NP) or Non-Listed (NL) unless the ordering provider is the PIC of record at the time of the request.

Proposed Tariff

The current proposed Tariff change expands the current customer segment to include Billing Clearinghouses, which acts as an agent for Interexchange Carriers or Resellers. They perform most of the billing functions for Interexchange Carriers and Resellers.
