##### A3.43.1 Plan Descriptions

##### A. ~~BellSouth Business Plus<sup>®</sup> Service~~

- ~~1. BellSouth Business Plus<sup>®</sup> service is offered as a business individual line service where facilities and equipment are available.~~
- ~~2. BellSouth Business Plus<sup>®</sup> service allows the business customer to choose between two LATA wide calling options:
  - ~~a. Option 1 – Flat rated plan which allows for unlimited calling within the LATA (subject to a total usage allowance of 120 hours/7,200 minutes).~~
  - ~~b. Option 2 – Combination rated plan which provides for unlimited usage within the serving exchange and extended area service additional exchanges as shown in A3.3.1, for a flat monthly charge, and a single rate for each minute of use for all other calling within the LATA.~~~~
- ~~3. The option chosen by the BellSouth Business Plus<sup>®</sup> service subscribers will apply to each of their lines.~~
- ~~4. Customers may subscribe to either the standalone BellSouth Business Plus<sup>®</sup> service offering or to the BellSouth Business Choice<sup>®</sup> Package (See A103.44) which includes a BellSouth Business Plus<sup>®</sup> service line option or to the BellSouth<sup>®</sup> Complete Choice<sup>®</sup> for Business package (See A3.45) which includes a BellSouth Business Plus service line. If BellSouth Business Plus<sup>®</sup> service is subscribed to, the rates of A3.43.2 are applicable. If BellSouth Business Choice<sup>®</sup> Package or BellSouth<sup>®</sup> Complete Choice<sup>®</sup> for Business package is subscribed to, the rates of A103.44.2 or A34.5.2, respectively, are applicable. All of the rules, regulations and limitations specified for each offering will apply to the respective services and features.~~
- ~~5. Usage rating is dependent upon the underlying service of the originating call location. When BellSouth Business Plus<sup>®</sup> service usage charges as described in 2. preceding are applicable, they will also apply to 1+, 0+ and 0- calls made within the LATA. However, for 0+ and 0- calls, usage does not contribute toward the Option 1 usage threshold and each minute of use is rated. The appropriate operator services surcharges will also be charged in accordance with the rules and regulations of A3.10 of this Tariff.~~
- ~~6. BellSouth Business Plus<sup>®</sup> service Option 2 customers only may subscribe to Local Usage Detail for billable usage. There is no charge for the Local Usage Detail.~~
- ~~7. Method of Determining Monthly Usage Charges
  - ~~a. Usage is determined for each call based on minutes or fraction thereof, with a minimum call duration of one minute. This value is then multiplied by the rate per minute for the rate option selected by the customer. The resultant amount is truncated to whole cents for each call. The amount of usage billed to the customer is subject to b. and c. following.~~
  - ~~b. For Option 1, only usage above the first 120 hours (7,200 minutes) of usage allowance is billed to the customer.~~
  - ~~c. For Option 2, only usage outside the serving exchange and extended area service additional exchanges as shown in A3.3.1 is subject to the billing as described in a. preceding.~~~~
