Section A2

Tenth Revised Sheet 60

During the period 9/01/06 through 11/29/06, business customers may be eligible for discounted nonrecurring charges for Enhanced Frame Relay Service. To be eligible, customers must subscribe to Enhanced Frame Relay Service and to the Company's non-regulated 3.0 Mbps Dedicated IP service offering under a one-year, two-year, three-year, or five-year term commitment. All service charges otherwise applicable for installation of Enhanced Frame Relay Service will be waived for qualified customers. In addition, when customers subscribe to a one or two-year term, a single discounted Nonrecurring Charge (NRC) will apply for the FRAL and InterLATA PVC in lieu of the otherwise applicable NRCs. The NRC for a one or two-year term is \$500 and \$350, respectively. All NRCs will be waived when customers subscribe under a three or five-year term.

Commission consideration and timely approval of these pages are respectfully requested. If you have questions or need additional information regarding this filing, please call Nancy Schnitzer at 850-599-1276.
