- f. An administrative charge will be applied, in addition to the applicable charges associated with Service Connection Charges, as specified in Section 18 of this tariff, when a change is made to a customer's frame relay configuration (including changes to an existing group's addressing or changes in bandwidth), at the customer's request. Such changes are defined as those rearrangements necessary to add, delete or rearrange the customer's configuration and changes of CIR on a PVC. The administrative charge applies to changes in a customer's network associated with PVCs. Only one administrative charge applies per customer request.

Administrative Charge (Nonrecurring) \$50.00

<sup>(1)</sup> When the customer also subscribes to the Company's non-regulated Dedicated IP Service, the PVC nonrecurring charge will not apply.
