RE: Quincy Telephone Company: Remove Do Not Disturb feature

Dear Ms. Salak:

Enclosed are the following tariff sheets:

**Section A13 Second Revised Sheets 4.5 and 4.6
Fifth Revised Sheet 5.1**

The purpose of this filing is to remove the Do No Disturb feature from the Custom Calling Services Quincy Telephone Company has currently tariffed. The removal of this feature is due to the inability of the company's switch to offer this service.

Enclose with this filing are the redline pages.

The proposed effective date is July 15, 2005.

If you have any questions, please call me at (608) 664-4186.

Sincerely,

A handwritten signature in cursive script that reads 'Lorraine Murphy'.

2. Service Descriptions (Continued)

r. Speed Call 8

This service allows the customer to keep a list of eight specified telephone numbers which can be dialed by using a one-digit (2 through 9) access code.

s. Speed Call 30

This service allows the customer to keep a list of 30 specified telephone numbers which can be dialed by using a two-digit (20 through 49) access code.

t. Call Reminder

This service allows a customer to program a time at which a reminder call is desired. At the programmed time, the customer will receive a call placed by the Central Office Equipment. When the call is answered, the customer will hear a tone or a Company recorded announcement.

u. Toll Restriction

This service enables customers to restrict all or a combination of 0+ and 1+ toll calls from being placed over their exchange lines/trunks. When a restricted call is attempted from a line/trunk equipped with this service, a dial tone or Company recorded announcement will be heard by the caller.

v. Toll Restriction with PIN Override

(T)

This service enables customers to restrict all or a combination of 0+ and 1+ toll calls from being placed over their exchange lines/trunks. In addition, customers will have the ability to override the restriction on a per call basis by using a Personal Identification Number (PIN). To activate the override, the customer dials a code, the PIN, waits for a dial tone and then dials the toll number. When a restricted call is attempted without the PIN, from a line/trunk equipped with this service, a Company recorded announcement will be heard by the caller.
