RE: TL727

Dear Ms. Salak:

Attached for filing, please find the following revised pages for the Sprint-Florida, Incorporated General Exchange Tariff. This filing is submitted with a proposed effective date of January 16, 2006. The Company's tariffs are available on its website at [www.sprint.com/tariffs](http://www.sprint.com/tariffs).

Section A2                      Original Sheet 93

During the period January 16, 2006 through March 31, 2006, Sprint will waive all nonrecurring installation and/or service charges for services installed under the same order when new residential customers establish an account for local exchange service in certain exchanges. If more than one local exchange service access line is requested under the same (initial) order, all nonrecurring installation and/or service charges otherwise applicable for the installation will be waived. This waiver is not applicable on additional lines ordered after service is established. In addition to the preceding eligibility criteria, customers must not have had service disconnected for non-payment and must not have any past due bills for regulated service owed to Sprint. Customers who discontinue or have their service disconnected within 90 days of installation will be assessed all charges waived under this promotion. This promotion is available to new customers contacted by Sprint or who contact Sprint and request this promotion.

Customers subscribing to services under this promotion who discontinue service within 90 days of installation will be assessed all charges originally waived under the promotion.

This promotion will be advertised through direct mail. Customers who are not contacted by Sprint and who qualify are eligible to enroll in the promotion upon request.

Commission consideration and timely approval of these pages are respectfully requested. If you have questions or need additional information regarding this filing, please call Nancy Schnitzer at 850-599-1276.

Sincerely,

A handwritten signature in cursive script that reads "Michael Ferrara for".
