Dear Mr. Hinton:

Attached for filing, please find the following revised pages for the AT&T Florida Access Services Tariff.

Access Services Tariff
Section E2 – Seventh Revised Page 46

Attached are the details of a tariff filing that increases the Cost Assessment Charge for business customers subscribing to the transport products listed. The Cost Assessment Charge will not apply to Federal, State or Local Government Accounts, or to any accounts identified in the billing system as being exempt from application of the Federal Universal Service Fund (FUSF). This charge is being increased to recover a greater portion of the expense associated with the Cost Assessment Charge, attributed to property taxes incurred by AT&T Florida. This tariff has an issue date of September 30, 2019 and an effective date of October 1, 2019.

Acknowledgement, date of receipt and authority number of this filing are requested. Your consideration and approval will be appreciated.

If you have additional questions, please contact me at (850) 577-5553.

Sincerely,

MaryRose Sirianni
