(1) The purpose of this rule is to establish an expedited process for resolution of disputes between telecommunications companies ("companies"). For purposes of this rule, an "immediate and negative effect on a customer" includes, but is not necessarily limited to, any out-of-service or any impeded service condition which significantly hinders the customer’s ability to utilize the service within design parameters.

(2) To be considered for an expedited proceeding, the companies involved in the dispute must have attempted to resolve their dispute informally and are encouraged to follow applicable terms of any agreements between the companies for dispute resolution.

(3) To initiate the expedited dispute resolution process, the complainant company must file with the Commission a request for expedited proceeding, direct testimony, and exhibits, and must simultaneously serve the filing on the other company involved in the dispute. The request for expedited proceeding is in lieu of the petition required by Rule 28-106.201, F.A.C. At least seven days prior to filing the request, the companies shall first conduct an informal meeting with the Commission staff for the purpose of discussing the matters in dispute, the positions of the parties, possible resolution of the dispute, any immediate customer-impacting effects from the dispute, any unique or exigent circumstances for the dispute, anticipated discovery needs, and anticipated case schedule. Any agreements resulting from such informal staff meeting will be in writing and, if deemed necessary by staff, approved by the Commission.

(4) The request for expedited proceeding must include:

(a) The name, address, telephone number, facsimile number and e-mail address of the complainant company and its representative to be served, if different from the company;

(b) A statement of the specific issue or issues to be litigated and the complainant company’s position on the issue or issues;

CODING: Words underlined are additions; words in struck through type are deletions from existing law.
(c) The relief requested;

(d) A statement attesting to the fact that the complainant company attempted to resolve the dispute informally; and

(e) An explanation of why the use of this expedited process is appropriate. The explanation of why use of the expedited process is appropriate shall include a discussion of the following:

1. The number and complexity of the issues;

2. The policy implications that resolution of the dispute is expected to have, if any;

3. The topics on which the company plans to conduct discovery, including a description of the nature and quantity of information expected to be exchanged;

4. The specific measures taken to resolve the dispute informally; and

5. Any other matter the company believes relevant to determining whether the dispute is one suited for an expedited proceeding.

(5) Any petition for intervention shall provide the information required by paragraphs (4)(a)-(c) and (e) as it applies to the intervener.

(6) The request for expedited proceeding shall be dismissed if it does not substantially comply with the requirements of subsections (2), (3) and (4), above. The first dismissal shall be without prejudice.

(7) The respondent company may file a response to the request. The response must be filed within 14 days of the filing of the request for expedited proceeding.

(a) The response shall include the name, address, telephone number, facsimile number and e-mail address of the respondent and the respondent’s representative to be served, if different from the respondent.

(b) The response to the request may include any information that the company believes will help the Prehearing Officer decide whether use of the expedited dispute resolution process

CODING: Words underlined are additions; words in struck through type are deletions from existing law.
is appropriate. Such information includes, but is not limited to:

1. The respondent’s willingness to participate in this process;

2. Statement of the specific issue or issues to be litigated from the respondent’s perspective, and the respondent’s position on the issue or issues;

3. A discussion of the topics listed in subparagraphs (4)(b)-(e)1.-5. above.

(8) No sooner than 14 days after the filing of the request for expedited proceeding, but promptly thereafter, the Prehearing Officer will decide whether use of the expedited proceeding is appropriate. The decision will be based on the factors provided in Section 364.058(3), Florida Statutes, the materials initially filed by the complainant company and, if a response is filed, the materials included in the response.

(9) Disputes with an immediate and negative effect on a customer will be scheduled for hearing and disposition as early as the Commission’s calendar will accommodate. Unless otherwise provided by an order of the Prehearing Officer, based on the unique circumstances of the case, the schedule for all other each expedited cases will be as follows:

(a) Day 0 – request for expedited proceeding, direct testimony and exhibits are filed;
(b) Day 14 – deadline for filing a motion to dismiss, and a response to the request for expedited proceeding;
(c) Day 21 – deadline for filing a response to the motion to dismiss, if one is filed; and, deadline for filing petitions to intervene, and intervenor testimony and exhibits;
(d) Day 42 – deadline for the Commission staff to file testimony;
(e) Day 56 – deadline for the respondent to file rebuttal testimony.

(10) The Prehearing Officer shall decide whether post-hearing briefs will be filed or if closing arguments will be made in lieu of post-hearing briefs. In making this decision the Prehearing Officer will consider such things as the number of parties, number of issues, complexity of issues, preferences of the parties, and the amount of testimony stipulated into CODING: Words underlined are additions; words in struck-through type are deletions from existing law.
the record, and the presence of any immediate and negative effects on a customer.

(11) The Commission shall make a decision on the dispute within 120 days of the
complainant company’s filing of the request for expedited proceeding, direct testimony and
exhibits. Cases involving an immediate and negative effect on a customer will be scheduled
for hearing and disposition as soon as the Commission’s calendar will accommodate, with a
goal of a vote on a final Commission decision within ___ days of the initial dispute filing,
even if meeting this goal requires a bench decision and assignment to a panel of two or more
commissioners.

(12) Responses to discovery requests shall be made within 15 days of service of the
discovery requests, unless the Prehearing Officer decides otherwise based on the presence of
any immediate and negative effects on a customer or the unique circumstances of the case.

(13) Service of all documents on the parties shall be by e-mail, facsimile or hand
delivery. An additional copy shall be furnished by hand delivery, overnight mail or U.S. mail
if the initial service was by e-mail or facsimile. Filing of all documents with the Commission
shall be by hand delivery, overnight mail or any method of electronic filing authorized by the
Commission.

(14) The applicability of this rule to the proceeding will be reassessed as factors
affecting the complexity of the case, number of issues, or number of parties or immediate and
negative effects on a customer change during the proceeding.

(15) Once the Prehearing Officer has determined that use of an expedited proceeding is
appropriate, nothing in this rule shall prevent the Prehearing Officer from making a later
determination that the case is no longer appropriate for an expedited proceeding based on the
number of parties, number of issues or the complexity of the issues, or based on the removal
of all immediate and negative effects on a customer. Nothing in this rule shall prevent the
Commission from initiating an expedited proceeding on its own motion.
