THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE DEVELOPMENT AND A COPY OF THE PRELIMINARY DRAFT, IF AVAILABLE, IS: Cindy Miller, Florida Public Service Commission, Office of the General Counsel, 2540 Shumard Oak Blvd., Tallahassee, FL 32399-0850, (850) 413-6082, cmiller@psc.state.fl.us. The agenda for the workshop and a copy of the preliminary draft of the proposed rule amendment/repeal/adoption will be available on the Commission’s website, www.floridapsc.com, on February 14, 2013.

THE PRELIMINARY TEXT OF THE PROPOSED RULE DEVELOPMENT IS AVAILABLE AT NO CHARGE FROM THE CONTACT PERSON LISTED ABOVE.

(1) Except as provided in this rule, a utility shall render bills to customers at regular intervals, and each bill shall indicate: the billing period covered; the applicable rate schedule; beginning and ending meter reading; the amount of the bill; the delinquent date or the date after which the bill becomes past due; and any authorized late payment charge.

(2) When a utility is unable to obtain an actual meter read, estimated bills may be provided.

(a) If the utility estimates a bill, the bill statement shall prominently show the word “Estimated” on the face of the bill. If the utility estimates the bill, the utility shall indicate on the bill that the amount owed is an estimated amount.

(b) The utility is obligated to timely correct any problems within the utility’s control causing the need to estimate bills. In no event shall a utility provide an estimated bill to any one customer more than four times in any 12 month period due to circumstances that are within the utility’s control and service obligations.

(c) After any second estimated bill in a 12 month period, the utility shall include on or with the next bill an explicit written explanation of why the previous bills have been estimated. In addition, the bill shall include utility contact information and the Commission toll-free complaint line, 1-800-342-3552.

(d) The utility shall maintain records, for a minimum of three years, detailing the number, frequency, and causes of estimated bills, which shall be made available upon request to the Commission or to any party to a rate proceeding for the utility.

(3) When service is rendered for less than 50 percent of the normal billing cycle, the utility shall prorate the base facility charges as though the normal billing cycle were 30 days, except that the utility may elect not to issue an initial bill for service if the service is rendered during a time period which is less than 50 percent of the normal billing cycle. Instead, the utility may elect to combine the amount owed for the service rendered during the initial time period with CODING: Words underlined are additions; words in struck through type are deletions from existing law.
the amount owed for the next billing cycle, and issue a single bill for the combined time
period. For service taken under flat rate schedules, 50 percent of the normal charges may be
applied.

(4) A utility may not consider a customer delinquent in paying his or her bill until the 21st day
after the utility has mailed or presented the bill for payment.

(5) Each utility shall establish each point of delivery as an independent customer and shall
calculate the amount of the bill accordingly, except where physical conditions make it
necessary to use additional meters or points of delivery for one class of service to a single
customer on the same premises, or where such multiple meters or delivery points are used for
the convenience of the utility.

(6) A utility may not incorporate municipal or county franchise fees into the amount indicated
as the cost for service on the customer’s bill. Rather, the utility shall show any such franchise
fee as a separate item.

(7) The utility shall maintain a record of each customer’s account for the most current 2 years
so as to permit reproduction of the customer’s bills during the time that the utility provided
service to that customer.

(8) In the event of unauthorized use of service by a customer, a utility may bill the customer
on a reasonable estimate of the service taken. In addition, the utility may assess a fee to defray
the cost of restoring service to such a customer provided that the fee is specified in the utility’s
tariff.

(9) If a utility utilizes the base facility and usage charge rate structure and does not have a
Commission authorized vacation rate, the utility shall bill the customer the base facility charge
regardless of whether there is any usage.

25-30.350 Underbillings and Overbillings for Water and Wastewater Service.  

(1) A utility may not backbill customers for any period greater than 12 months for any undercharge in billing which is the result of the utility’s mistake.

(a) The utility shall allow the customer to pay for the unbilled service over the same time period as the time period during which the under billing occurred or some other mutually agreeable time period. The utility shall not recover in a ratemaking proceeding, any lost revenues which inure to the utility’s detriment on account of this provision.

(b) The revised bill shall be calculated on a monthly basis, assuming uniform consumption during the period subject to underbilling, based on the individual customer’s average usage for the time period covered by the underbilling. The monthly bills shall be recalculated by applying the tariff rates in effect for that time period. The customer shall be responsible for the difference between the amount originally billed and the recalculated bill. All calculations used to arrive at the rebilled amount shall be made available to the customer upon the customer’s request.

(2) In the event of an over billing, the utility shall refund the overcharge to the customer, based on available records. If the commencement date of the overbilling cannot be determined, then an estimate of the overbilling shall be made based on the customer’s past consumption.

(3) In the event of an over billing, the customer may elect to receive the refund as a credit to future billings, or as a one-time payment.

Staff Questions on Draft Rule 25-30.335, F.A.C.

1. What are the initial and ongoing costs associated with each of the four proposed provisions in Rule 25-30.335(2), F.A.C.?

2. Should small systems, as defined in Rule 30.110(4)(c), F.A.C., be exempt from the proposed provisions of subsections (b) and (c) of Rule 25-30.335(2), F.A.C.?

3. Should proposed subsection (c) of Rule 25-30.335(2), F.A.C., be revised to reflect the provisions in Rules 25-7.085(4) and 25-6.100(3), F.A.C., to inform customers of the reason for the estimation after the third consecutive estimated bill?

4. Is proposed subsection (d) of Rule 25-30.335(2), F.A.C., needed or could the purpose of the rule be accomplished without it?

5. Are there any less costly ways to achieve the goals in the provisions of Rule 25-30.335(2), F.A.C.?
