ORDER GRANTING CERTIFICATE

BY THE COMMISSION:

Notice is hereby given by the Florida Public Service Commission that the action discussed herein is preliminary in nature and will become final unless a person whose interests are substantially affected files a petition for formal proceeding pursuant to Rule 25-22.029, Florida Administrative Code.

Century Network, Inc., filed an application for an interexchange certificate on April 26, 1989. The application contained the required background information and its proposed tariff. Our Staff's investigation of the application led it to conclude that the company would be providing alternative operator services (AOS). After having considered the application, it appears that the company is technically capable of providing service. Therefore, we find that it is in the public interest to grant a certificate to Century Network, Inc., and it is our intention to grant the certificate. Our proposed grant here is made subject to the company's amending its proposed tariff to reflect that it intends to provide AOS. Interexchange carriers are subject to the provisions of Rules 25-24.455 through 25-24.495, Florida Administrative Code. Additionally, AOS providers are bound by our decisions in Docket No. 871394-TP, including, but not limited to, Order No. 20489, issued December 21, 1988.
