ORIGINAL
FILE COPY

IN RE: PETITION OF GULF)
POWER COMPANY FOR AN INCREASE)
IN ITS RATES AND CHARGES)

DOCKET NO. 891345-EI

SUPPLEMENTAL PREHEARING STATEMENT

COMES NOW, the Federal Executive Agencies (FEA) and respectfully requests to take a position on one more issue; i.e., 115, and requests that our position be made a part of the final prehearing order.

115 Issue: What is the appropriate cost of service methodology to be used in designing the rates of Gulf Power Company?

FEA: The FEA is in general agreement with Gulf's proposed 12 MCP and 1/13 energy. The 12 MCP has been FERC's preferred allocation technique for determining wholesale jurisdictional allocations. The "equivalent peaker" approach proposed by OPC witness Wright will distort cost relationships.

No witness; no exhibits.

Respectfully submitted,

GARY A. ENDERS, Major, USAF
HQ USAF/ULT
