

FLORIDA PUBLIC SERVICE COMMISSION

VOTE SHEET

DATE: October 2, 1990

RE: DOCKET NO. 900039-TL - Resolution by the Orange County Board of County Commissioners for extended area service between the Mount Dora exchange and the Apopka, Orlando, Winter Garden, Winter Park, East Orange, Reedy Creek, Windermere, and Lake Buena Vista exchanges.

Issue: 1. Recommendation that the calling rates between the entire Mt. Dora exchange and the requested exchanges are not sufficient to warrant a survey for non-optional, flat rate, two-way toll free calling. The Mt. Dora exchange consists of two parts, the Lake County portion and the Orange County pocket. The calling rates between the Orange County pocket of the Mt. Dora exchange and the Apopka and Orlando exchanges would be sufficient to warrant a survey for non-optional EAS if pocket areas were treated separately from their base exchanges. The calling rates between the Orange County pocket of the Mt. Dora exchange and the Winter Park exchange would be very nearly sufficient to warrant a survey for non-optional EAS if pocket areas were treated separately from their base exchanges. The calling rates between the pocket area and the remaining requested exchanges are not sufficient to warrant a survey for non-optional EAS.

Commission policy has generally been that EAS only be implemented for entire exchanges and that pocket exchanges should not be considered separately for the purposes of non-optional EAS. In order to address the concerns of the customers of the Orange County pocket of the Mt. Dora exchange for calling to the requested exchanges, rather than an EAS plan, those customers should be surveyed for a transfer to the Apopka exchange.

REMARKS/DISSENTING COMMENTS:

TO:

Vote Sheet
Docket No. 900039-TL
October 2, 1990

Issue: 1. (continued from previous page) If customers were transferred to the Apopka exchange from the Mt. Dora exchange they would lose the toll-free calling scope of the Mt. Dora exchange (primarily Lake County) while gaining the toll-free calling scope of the Apopka exchange (primarily Orange County), their rates would increase, and their telephone numbers and area codes would change. The survey should be conducted within 30 days of the final order in this docket. United Telephone Company should obtain prior staff approval of the survey letter. If the survey is approved by a simple majority of customers in the Mt. Dora exchange, United should implement the transfer within 12 months of the Commission's implementation order.

Approved

Issue: 2. Recommendation that the transfer of the pocket exchange should be implemented at the following monthly rates plus applicable zone charges:

R-1	\$9.97	B-1	\$23.22	PBX	\$46.92
-----	--------	-----	---------	-----	---------

Approved

Issue: 3. Recommendation that the Commission should not require United to conduct cost studies for this boundary change.

Approved

Docket No. 900039-TL
October 2, 1990

Issue: 4. Recommendation that the toll alternative plan should not permit full recovery of costs and lost revenues, including incremental costs

Approved

Issue: 5. Recommendation that if the Commission approves the recommendation in Issue No. 1, a simple majority of the subscribers in the Orange County pocket of the Mt. Dora exchange voting favorably should be considered sufficient for passage of the survey in this docket.

Approved

Issue: 6. Recommendation that this docket remain open until the Orange County pocket of the Mt. Dora exchange has been surveyed on the boundary change and any resultant changes have been implemented.

Approved
