. Docket No. 900816-WS

. February 19, 1991

Issue 3: Recommendation that the interim rates be designed to allow the Utility the opportunity to generate additional annual operating revenues of \$96,807 and \$77,678 for the respective water and wastewater systems. This results in increases of 59.91% and 83.53% in existing water and wastewater rates, respectively. The interim rates will become effective for meter readings on or after 30 days from the stamped approval date, provided the Utility has filed and had approved revised tariff sheets, the proposed notice to the customers of the increase and the required security as discussed in Issue No. 4.

APPROVED

Issue 4: Recommendation that a corporate undertaking in the amount of \$128,000 by Sailfish Point Utility Corporation guaranteed by the parent company Sailfish Point, Inc. should be accepted as security.
