ORDER APPROVING TARIFF WHICH INCREASES PROMOTIONAL CREDIT

BY THE COMMISSION:

In AT&T Communications of the Southern States, Inc.'s (ATT-C's) initial tariff filing, which we approved in Docket No. 900833, we set a one time promotional credit of \$780.00 for Local Exchange Company (LEC) local access loop charges associated with the installation of Accunet Spectrum of Digital Services. In the private line restructure docket, we increased the installation charges at issue by \$140.00. Thus, on February 22, 1991, AT&T-C filed a tariff to increase its promotional credit for the charges by that amount (to \$920.00) in order to cover the increase. ATT-C proposes no other changes in the existing promotion.

We find that the increase is appropriate and approve ATT-C's tariff request. The effective date shall be March 25, 1991.

Based upon the foregoing, it is

ORDERED by the Florida Public Service Commission that ATT-C's request to increase credit for LEC installation charges associated with the installation of Accunet Spectrum of Digital Services is hereby approved. It is further

ORDERED that this tariff shall become effective on March 25, 1991. If a protest is filed, the tariff shall remain in effect with any potential increases held subject to refund pending resolution of the protest. If no timely protest is filed this docket shall be closed.
