Re: **Docket No. 910526-WS**, Exemption request by Hiawatha Management Inc.

Dear Mr Bates:

A review of your application shows numerous deficiencies. For your convenience I have enclosed an additional exemption package in which I have highlighted the additional information needed to evaluate an exemption request under Section 367.022(7), Florida Statutes. In particular you must provide Hiawatha Management Inc's Articles of Incorporation as filed with the Secretary of State and its Bylaws. These documents must show the requirements for membership, the members' voting rights and the circumstances upon which control of the corporation passes to non-developer members. Additionally, you must provide proof of ownership of the water and sewer facilities as well as the land upon which the treatment facilities are sited. We also need the name of the system owner, the physical address of the system, the mailing address of the applicant and the name, address and phone number of the person to contact regarding the application.

ACK To avoid a delay in processing this docket, please provide the needed information  
AFA by June 14, 1991. The original and two copies of your response should be directed to:
