ORDER GRANTING SPECIFIED CONFIDENTIAL TREATMENT

On June 6, 1991, Southern Bell Telephone and Telegraph Company (Southern Bell or the Company) filed its Request for Specified Confidential Classification of certain traffic study data submitted in response to Order No. 24208. Southern Bell is requesting confidential treatment of only the data which contains quantification of traffic along interLATA routes. These are competitive routes and disclosure of the traffic data would aid present and future competitors to the detriment of those carriers presently providing service on these routes. This data was obtained by the local exchange company (LEC) through billing and collection services provided to the interexchange carriers (IXCs). Contracts between the LEC and the IXCs also require the LEC to keep the information confidential, thus lending further support to the premise that this data is proprietary.

For the above reasons, I find the traffic data submitted by Southern Bell for the interLATA routes in this docket to be proprietary confidential business information pursuant to Section 364.183, Florida Statutes, and Rule 25-22.006, Florida Administrative Code.

Based on the foregoing, it is

ORDERED by Commissioner Michael McK. Wilson, as Prehearing Officer, that the Request for Specified Confidential Classification filed by Southern Bell Telephone and Telegraph Company on June 6, 1991, for Document No. 05720-91 is hereby granted pursuant to Section 364.183, Florida Statutes, and Rule 25-22.006, Florida Administrative Code.
