**** APPENDIX E ****

**** GLOSSARY ****

ACCESS CODE: The term denotes a uniform four or seven digit code assigned to an individual IXC. The five digit code has the form 10XXX and the seven digit code has the form 950-10XX.

BYPASS: Transmission facilities that go direct from the local exchange end user to an IXC point of presence, thus bypassing the local exchange company.

CARRIERS CARRIER: An IXC that provides telecommunications service, mainly bulk transmission service, to other IXC only.

CENTRAL OFFICE: A local operating unit by means of which connections are established between subscribers' lines and trunk or toll lines to other central offices within the same exchange or other exchanges. Each three (3) digit central office code (NXX) used shall be considered a separate central office unit.

CENTRAL OFFICE CODE: The term denotes the first three digits (NXX) of the seven (7) digit telephone number assigned to a customer's telephone exchange service.

COMMISSION: The Florida Public Service Commission.

COMPANY, TELEPHONE COMPANY, UTILITY: These terms may be used interchangeably herein and shall mean any person, firm, partnership or corporation engaged in the business of furnishing communication service to the public under the jurisdiction of the Commission.

DEDICATED FACILITY: The term denotes a transmission circuit which is permanently for the exclusive use of a customer or a pair of customers.

END USER: The term denotes any individual, partnership, association, corporation, governmental agency or any other entity which (A) obtains a common line, uses a pay telephone or obtains interstate service arrangements in the operating territory of the company or (B) subscribes to interstate services provided by an IXC or uses the services of the IXC when the IXC provides interstate service for its own use.

EQUAL ACCESS EXCHANGE AREAS: EAEA means a geographic area, configured based on 1987 planned toll center/access tandem areas, in which local exchange companies are responsible for providing equal access to both carriers and customers of carriers in the most economically efficient manner.

EXCHANGE: The entire telephone plant and facilities used in providing telephone service to subscribers located in an exchange area. An exchange may include more than one central office unit.

EXCHANGE (SERVICE) AREA: The territory, including the base rate suburban and rural areas served by an exchange, within which local telephone service is furnished at the exchange rates applicable within that area.

EXTENDED AREA SERVICE: A type of telephone service furnished under tariff provision whereby subscribers of a given exchange or area may complete calls to, and receive messages from, one or more other contiguous exchanges without toll charges, or complete calls to one or more other exchanges without toll message charges.

FACILITIES BASED: An IXC that has its own transmission and/or switching equipment or other elements of equipment and does not rely on others to provide this service.

FOREIGN EXCHANGE SERVICES: A classification of exchange service furnished under tariff provisions whereby a subscriber may be provided telephone service from an exchange other than the one from which he would normally be served.

FEATURE GROUPS: General categories of unbundled tariffs to stipulate related services.

Feature Group A: Line side connections presently serving specialized common carriers.

Feature Group B: Trunk side connections without equal digit or code dialing.

Feature Group C: Trunk side connections presently serving AT&T-C.

Feature Group D: Equal trunk access with subscription.

INTEREXCHANGE COMPANY: means any telephone company, as defined in Section 364.02(4), F.S. (excluding Payphone Providers), which provides telecommunication service between exchange areas as those areas are described in the approved tariffs of individual local exchange companies.

INTER-OFFICE CALL: A telephone call originating in one central office unit or entity but terminating in another central office unit or entity both of which are in the same designated exchange area.

INTRA-OFFICE CALL: A telephone call originating and terminating within the same central office unit or entity.

FORM PSC/CMU 31 (11/91)

SUBSCRIBER, CUSTOMER: These terms may be used interchangeably herein and shall mean any person, firm, partnership, corporation, municipality, cooperative organization, or governmental agency supplied with communication service by a telephone company.

SUBSCRIBER LINE: The circuit or channel used to connect the subscriber station with the central office equipment.

SWITCHING CENTER: Location at which telephone traffic, either local or toll, is switched or connected from one circuit or line to another. A local switching center may be comprised of several central office units.

TRUNK: A communication channel between central office units or entities, or private branch exchanges.

TARIFF FORMAT

- A. Sheet Numbering: Sheet numbers appear in the upper right corner of the sheet. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 11 and 12 would be Sheet 11.1.
- B. Revision Numbers: Revision numbers also appear in the upper right corner of each sheet where applicable. These numbers are used to indicate the most current sheet version on file with the Florida Public Service Commission (Commission). For example, 4th Revised Sheet 13 cancels 3rd Revised Sheet 13. Consult the Check Sheet for the sheets currently in effect.
- C. Paragraph Numbering Sequence: There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.
 - 2.1
 - 2.1.1
 - 2.1.1.A
 - 2.1.1.A.1
 - 2.1.1.A.1.(a)
 - 2.1.1.A.1.(a).I
 - 2.1.1.A.1.(a).I.(i)
 - 2.1.1.A.1.(a).I.(i).(1)
- D. Check Sheets: When a tariff filing is made with the Commission, an updated Check Sheet is included. The Check Sheet lists the sheets contained in the tariff, with a cross reference to the current Revision Number. When new sheets are added, the Check Sheet is changed to reflect the addition. All revised sheets in a given filing are designated by an asterisk (*) on the Check Sheet. The tariff user should refer to the latest Check Sheet to find out if a particular sheet is the most current on file with the Commission.

1. TECHNICAL TERMS AND ABBREVIATIONS

For the purpose of this tariff, the following definitions will apply:

Access Code - A numerical sequence which enables a Customer to access the Company's network.

Authorization Code - A numerical sequence which enables the Company to identify the Customer.

Caller - A person who initiates any telephone Calls using Services provided under this tariff. The Caller and/or Customer and/or End User may be the same person or entity.

Calling Card Calls - Calls for which charges are billed, not to the originating telephone number, but to a credit card issued by a local exchange carrier or interexchange carrier for this purpose.

Collect Calls - Calls for which charges are billed, not to the originating telephone number, but to the destination or terminating telephone number. An automated interface or a live operator's intervention is required to obtain agreement for the called party to accept the charges.

Commercial Credit Card - A credit card issued by a bank, financial institution or other business organization which authorizes the holder to charge purchases for later billing. American Express, MasterCard and Visa are some of the Commercial Credit Cards accepted by Quest.

Commission - Used throughout this tariff to mean the Florida Public Service Commission.

Common Carrier - A company or entity providing telecommunications services to the public.

Company - Quest Telecommunications, Inc.

Customer - The person, firm, corporation, governmental agency or other entity which orders Service for its own use, or for the use of its patrons, guests, employees, inmates or others, and which is responsible for

compliance with Company tariff regulations. The Caller and/or Customer and/or End User may be the same person or entity.

Direct Dial Calls - Long distance calls placed by presubscribed residential or business Customers on a direct-dial (1 + Area Code + Destination Number) basis.

Direct Entry Calls - An arrangement whereby a Caller, responding to voice prompts, enters necessary information to place and bill a call, without the assistance of a live Company operator.

End User - A person or entity designated by the Caller to be responsible for the payment of Calls placed using the Company's Services. The End User is usually designated by providing information about the End User sufficient to allow billing to the End User. The Caller and/or Customer and/or End User may be the same person or entity.

LibertySM Card Calls - Calls for which charges are billed not to the originating telephone number, but to a LibertySM Card.

Local Access and Transport Area (LATA) - The term "Local Access Transport Area" denotes a geographical area established by the U. S. District Court for the District of Columbia in Civil Action No. 82-0192, within which a Bell operating company provides communications services.

Measured Charge - A charge assessed on a per minute basis in calculating the charges for a completed call. Measured Charges are specified as a rate per minute which applies to each minute, with fractional minutes of use counted as one full minute.

Operator Assisted Calls - Calls utilizing the assistance of a live or automated Quest operator. A fixed charge, which may vary depending upon the manner in which a call is placed, applies to Operator Assisted Calls.

Operator Dialed Charge - A charge which is applied to those calls which the Caller has the ability to dial, but chooses instead to have the operator dial. This charge

is in addition to applicable Operator Assisted Call charges.

Operator Station - A Service arrangement, other than Person-to-Person, which utilizes the assistance of a live or automated Quest operator, to complete the Call.

Person-to-Person Calls - Calls which are placed under the stipulation that the Caller will speak only to a specific person, department, mobile station, extension or office.

Quest - Used throughout this tariff to mean Quest Telecommunications, Inc., a Delaware corporation.

Room Charge Calls - Calls for which charges are collected by the Customer, normally a hotel, motel or hospital, but including other institutions, from the guest or occupant of the room from which the call originated. Calls of this type require that Quest communicate the call detail and charges back to the originating Customer location upon completion of the call.

Set Use Fee - A separate charge of \$.25 which may be assessed by the Customer to the user of Customer-owned pay telephones, which is remitted in full by Quest to the Customer.

Station - Any location from which long distance Calls may be placed or received.

Telecommunications - The transmission of voice communications or, subject to the transmission capabilities of the services, the transmission of data, facsimile, signaling, metering, or other similar communications.

Third Party Calls - Calls which are charged to a telephone number which is different from the calling or called telephone number, provided that the third party accepts such charges.

2. RULES AND REGULATIONS

2.1 Application of Tariff

2.1.1 This tariff contains the regulations and rates applicable to intrastate telecommunications services provided by Quest between points within the State of Florida. Quest's services are furnished subject to the availability of facilities and subject to the terms and conditions of this tariff.

2.1.1.A Quest may, from time to time, offer various enhanced services and information services within the state of Florida. Such services will be provided pursuant to contract and will not be governed by this tariff.

2.1.1.B Quest may also, from time to time, offer switching and/or transmission services to other telecommunications providers for resale to such companies' customers. The rates for any such services will be determined pursuant to contract, to the extent authorized by the Commission, and the rates sections of this Tariff will not apply thereto.

2.1.2 Service furnished by Quest may be connected with services or facilities of other authorized Common Carriers and with private systems, subject to the technical limitations established by Quest.

2.1.2.A The services of Quest are not part of a joint undertaking with any other entity providing telecommunications channels, facilities or services, but do involve the resale of the Message Toll Services (MTS) and Wide Area Telecommunications Services (WATS)

of underlying Common Carriers who may be subject to the jurisdiction of this Commission. Any special interface equipment or facilities necessary to achieve compatibility between the facilities of Quest and other Common Carriers will be provided at the Customer's expense.

2.1.2.B Interconnection with the facilities or services of other Common Carriers shall be under the applicable terms and conditions of the other Common Carrier's tariffs. The Customer is responsible for taking all necessary legal steps for interconnecting Customer-provided terminal equipment or telecommunications systems with Common Carrier's facilities. Customer shall secure all licenses, permits, rights-of-way and other arrangements necessary for such interconnection.

2.1.3 The rates and regulations contained in this tariff apply only to the services furnished by Quest and do not apply, unless otherwise specified, to the lines, facilities, or services provided by a local exchange telephone company or other Common Carrier for use in accessing the services of Quest.

2.1.4 Quest's nationwide services, including the intrastate services offered under the terms and conditions of this tariff, are available as follows:

2.1.4.A Through arrangements with Customers to provide Operator Assisted Call service to the Customer's patrons, patients, students, and other authorized users. Typical Customers of Operator Assisted Call service would include pay telephone providers, both competitive and LEC,

2.6 Deposits

Quest does not require a deposit from the Customer.

2.7 Advance Payments

For Customers whom the Company feels an advance payment is necessary, Quest reserves the right to collect an amount not to exceed one (1) month's estimated charges as an advance payment for service. This will be applied against the next month's charges and if necessary a new advance payment will be collected for the next month.

2.8 Taxes

2.8.1 Direct Dial or Operator Assisted Calls. All federal, state and local taxes (e.g., excise tax, gross receipts tax, sales tax, municipal utilities tax) for Direct Dial or Operator Assisted Calls are billed as separate line items and are not included in the quoted rates.

2.8.2 LibertySM Card Calls. All federal, state and local taxes (e.g., excise tax, gross receipts tax, sales tax, municipal utilities tax) for LibertySM Card Calls are calculated at the time of each call and included in the amount charged for each call.

2.9 Responsibilities of the Customer

2.9.1 The Customer is responsible for payment of applicable charges set forth in this tariff.

2.9.2 The Customer is responsible for compliance with applicable regulations set forth in this tariff.

- 2.9.4 If Quest installs equipment at Customer's premises, the Customer may be responsible for payment of an installation charge.
- 2.9.5 The Customer is responsible for charges incurred for special construction and/or special facilities which the Customer requests and which are ordered by Quest on the Customer's behalf.
- 2.9.6 If required for the provision of Quest's services, the Customer must provide any equipment space, supporting structure, conduit and electrical power without charge to Quest.
- 2.9.7 The Customer is responsible for arranging access to its premises at times mutually agreeable to Quest and the Customer when required for Quest personnel to install, repair, maintain, program, inspect or remove equipment associated with the provision of Quest's services.
- 2.9.8 The Customer shall cause the temperature and relative humidity in the equipment space provided by Customer for the installation of Quest's equipment to be maintained within the range normally provided for the operation of microcomputers.
- 2.9.9 The Customer shall ensure that the equipment and/or system is properly interfaced with Quest's facilities or services, that the signals emitted into Quest's network are of the proper mode, bandwidth, power and signal level for the intended use of the Customer and in compliance with the criteria set forth in this tariff, and that the signals do not damage equipment, injure personnel, or degrade service to other Customers. the Federal Communications Commission or some other appropriate certifying body certifies terminal equipment as being technically acceptable for direct electrical connection with interstate communications service, Quest will permit such equipment to be connected with its channels without the use of protective interface devices.

If the Customer fails to maintain the equipment and/or the system properly, with resulting imminent harm to Quest equipment, personnel or the quality of service to other Customers, Quest may, upon written notice, require the use of protective equipment at the Customer's expense. If this fails to produce satisfactory quality and safety, Quest may, upon written notice, terminate the Customer's service.

- 2.9.10 The Customer must pay Quest for replacement or repair of damage to the equipment or facilities of Quest caused by negligence or willful act of the Customer or others, by improper use of the services, or by use of equipment provided by the Customer or others.
- 2.9.11 The Customer must pay for the loss through theft of any Quest equipment installed at Customer's premises.
- 2.9.12 With respect to Operator Assisted Call service furnished to a Customer for the use of its customers or patrons, the Customer shall place tent cards, telephone stickers or other printed documentation furnished by or with the approval of Quest on or in close proximity to all telephones capable of accessing Quest's services and shall take reasonable action to replace any documentation which may be removed,

- 2.9.13 The Customer is responsible for establishing its identity as often as necessary during the course of a call.
- 2.9.14 With respect to a Collect Call, the Customer is responsible for identifying the station, party, or person with whom communication is desired and/or made at the called number.
- 2.9.15 The Customer is responsible for payment of all charges for Services furnished to the Customer or its joint or authorized users. This responsibility is not changed due to any use, misuse or abuse of the Customer or Customer's service or Customer-Provided Equipment by third parties, the Customer or Customer's employees, or the public.

2.10 Billing Arrangements

2.10.1 Charges for Services hereunder may be:

2.10.1.A billed directly by the Company,

2.10.1.B included on the End User's regular monthly credit card statement, pursuant to billing and collection agreements established by Quest or its intermediary with the applicable Commercial Credit Card issuer,

deemed to be correct and binding on the Customer.

2.10.5 In the event the Company incurs fees or expenses, including attorney's fees, in collecting or attempting to collect, any charges owed the Company, the Customer will be liable to the Company for the payment of all such fees and expenses reasonably incurred.

2.11 Validation of Credit

Quest reserves the right to validate the credit worthiness of users through available verification procedures. Where a requested billing method cannot be validated, the Caller may be required to provide an acceptable alternate billing method or Quest may refuse to provide service.

2.12 Contested Charges

For consideration of any disputed charge, a Customer must submit in writing to Quest, within thirty (30) days of the date the bill is issued, the call details and bases for any requested adjustment. Quest will promptly investigate and advise the Customer as to its findings and disposition.

2.13 Returned Check Charge

A charge of \$10, or applicable state returned check charge, whichever is more, may be applied if a check or draft presented for payment of service is not accepted by the institution on which it is written.

3. DESCRIPTION OF SERVICE

3.1 Timing of Calls

Timing of each call begins when the called telephone number is answered and ends when either party hangs up, as determined by standard industry methods in use for ascertaining answer and disconnect, including hardware answer supervision in which the LEC sends a signal to the switch or the software utilizing audio tone detection, or as determined by standard industry methods generally in use for ascertaining answer and disconnect as determined by the underlying Common Carrier for Quest's services, where answer supervision is available. Quest will not knowingly bill for uncompleted calls.

3.2 Distance Measurements

The airline mileage between two cities can be calculated using the vertical (V) and horizontal (H) coordinates of the serving wire centers associated with the Company's POP locations. The method for calculating the airline mileage is obtained by reference to AT&T's FCC Tariff according to the following formula:

$$\sqrt{\frac{(V1-V2)^2 + (H1-H2)^2}{10}}$$

In the above example, the V1 and H1 correspond to the V&H coordinates of "City 1" and V2 and H2 correspond to the V&H coordinates of "City 2."

3.3 Time of Day Rate Periods

Time of Day Rate Periods are determined by the time of day at the location of the calling station. When a call begins in one rate period and ends in another, the rate in effect in each rate period applies to the portion of the call occurring within that rate period. In the event that a minute is split between two rate periods, the rate in effect at the start of that minute applies. The rates shown

3.5 Service Offerings

3.5.1 Direct Dial Call Service

Quest's Direct Dial Call services are furnished to residential and business Customers, operators of terminal telephone or other facilities of privately or publicly owned coin and coinless operated telephone station providers, hotels/motels, hospitals, airports, colleges, universities and other Customers and their patrons. Time of Day and National Holiday discounts apply to Direct Dial Calls. The rates set forth below are applicable to Direct Dial Calls originating and terminating within the state.

The total charge for the transmission of each completed Direct Dial Call consists of (i) a Measured Charge based on the duration, distance and time of day of the call, plus (ii) a Set Use Fee, if any.

3.5.2 LibertySM Card Call Service

Quest's LibertySM Card enables Callers to place calls over Quest facilities from any touchtone telephone in the continental United States. A Caller dials a toll-free Access Code for access to equipment owned by Quest ("Company Equipment"), and then dials an Authorization Code followed by the called telephone number. The Company Equipment requests, stores, and verifies the Customer's account information and called telephone number. When the account is validated, the Company Equipment accesses an outgoing circuit and redials the desired telephone number. When the balance on the card has been depleted, the Customer is so advised and if desired, he may call the toll-free Quest Customer Service number and purchase additional minutes of use for the depleted card by charging the additional purchase to a valid Commercial Credit Card. When a call is concluded, charges for the call, including applicable taxes, are deducted from the Customer's LibertySM Card account. Multiple calls may be made without redialing the Access Code and Authorization Code.

Customers may purchase LibertySM Cards at retail establishments, from independent sales representatives, from the Company or from other distribution channels. Quest will enter into agreements with retailers or other distributors to discount the price of cards purchased in order to induce retailers and distributors to offer the cards to Customers. LibertySM Cards may be denominated in dollars or units, and Customers may charge calls against the card up to the dollar amount or units of usage specified on the LibertySM Card. If the LibertySM Card is denominated in units, intrastate calls are charged at one unit per minute. No Time of Day or Holiday discounts apply to LibertySM Card calls.

The total charge for the transmission of each completed LibertySM Card Call consists of a Measured Charge based on the duration of the call. LibertySM Card Call charges are paid for by the purchase of a LibertySM Card; or, by the purchase of additional time on a depleted LibertySM Card, billed to a Commercial Credit Card.

3.5.3 Operator Assisted Call Service

Quest's Operator Assisted Call services are furnished primarily to users of Customer-owned telephones. Time of Day and National Holiday discounts apply to Operator Assisted Calls. The rates set forth below are applicable to Operator Assisted Calls originating and terminating within the State.

The total charge for each completed Operator Assisted Call consists of: (i) an operator service charge, dependent on the type of billing selected (i.e., calling card, charge third party or other) and/or the completion restriction selected (i.e., station-to-station or person-to-person) and/or the manner in which the call is placed; plus (ii) a Measured Charge, dependent on the duration, distance and time of day of the call, plus (iii) a Set Use Fee, if any.

Dear Sirs and Madams:

Enclosed are the original and 12 copies of the Application of and proposed Tariff of Quest Telecommunications, Inc., along the non-refundable \$250 application fee.

To confirm your receipt of this filing, please date-stamp and return the enclosed copy of this letter in the enclosed self-addressed, stamped envelope.

We look forward to doing business in the state of Florida, and appreciate your consideration of our Application. Should anyone at the Commission need any additional information, or if I can expedite the process in any way, please feel free to call me at 1-800-476-8353.

Sincerely,
