Re: Docket No. 950001-EI; GPIF Interrogatories

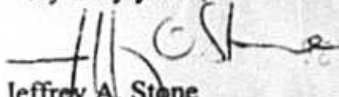

Dear Ms. Johnson:

In order to expedite delivery of the responses to Staff's Second Set of Interrogatories, I am sending them to you via facsimile with this letter. The original responses will also be sent to you via normal channels.

In the course of answering these interrogatories, it has become apparent to Gulf that a similar problem is likely to occur with regard to the GPIF targets originally proposed by the Company for the period October 1995 through March 1996. We therefore find it necessary to modify our previous prehearing position on Issue 13. Our revised position is set forth in the table attached. We understand that this change in our position may have the effect of removing Issue 13 from the list of issues stipulated as to Gulf Power for the hearing set to begin August 9. We would also like to identify these responses to Staff's Second Set of Interrogatories as an additional exhibit for the hearing. We certainly apologize for any inconvenience these late changes may have with regard to the prehearing order.

It is our hope that the attached responses to the Staff's interrogatories will enable the parties to reach a stipulation on Issues 12, 13, and 14. If so, that would eliminate any outstanding contested issues for the August hearing as to Gulf Power Company in both 950001-EI and 950007-EI. I look forward to hearing from you.

Very truly yours,

Jeffrey A. Stone
