Re: Docket No. 960134-WS - Application of Spruce Creek
South Utilities, Inc. for Amendment of Water and
Wastewater Certificates.

Dear Sir:

This letter constitutes my written response to your letter dated April 18, 1996 which enclosed the response to your inquiry to Spruce Creek South Utilities, Inc.

I have reviewed the answer provided to you by the Law Offices of Rose, Sunderstrom & Bently on behalf of Spruce Creek South Utilities, Inc. As I stated in my original letter, if the purpose of the "Application" is only for the purpose of identifying the possible areas which could (not shall or will) be serviced by Spruce Creek South Utilities, Inc., then I have no objections.

If, on the other hand, at any later date a requirement is imposed by law or regulatory agency to include my area under a Utilities Service, I agree that it probably should (not shall) come from Spruce Creek South Utilities, Inc., but I want to reserve the right to select, question, or object to such a requirement/service at that time within the scope of the law.

Therefore, I do not intend to protest the proposed expansion of territory.

Sincerely,

D. J. Crawford
