SUBJECT: 990 AREA CODE

RE: 990 AREA CODE

I have a suggestion to make regarding the above subject. The new area code that is being proposed should be split between the time zones. The Eastern Time Zone keeps the 990 area code with the rest of the southeastern area code 850. This would also benefit the general public if the time not realizing that Florida has two different time zones.

Please forward my suggestion to the Florida Public Service Commission for discussion at their November meeting and I hope this could will come to a satisfactory conclusion.
