HAND DELIVERY

Re: Docket No. 961342-SU
Application for Extension of Service Area (Amendment of
Certificate No. 103-S) and for New Class of Service
(wastewater-only service) by Poinciana Utilities Inc. in Polk
County, Florida.

Dear Ms. Bayo:

Enclosed on behalf of Poinciana Utilities Inc. for filing in
the above docket are the original and 12 copies of this response to
Richard Redemann's letter dated November 22, 1996, which we
received on December 3, 1996.

1. All affidavits of notice were filed in this docket on
November 26, 1996.
2. The method of effluent disposal for Wastewater
Treatment Plant No. 5 is through rapid infiltration
basins (RIBs). This method of effluent disposal is
considered as reuse in accordance with Rule 62-
610.500(1)(a), Florida Administrative Code. Spray
irrigation was considered for effluent disposal,
however it was much more economically feasible to
expand the on-site rapid infiltration basins.

Please acknowledge receipt of the foregoing by stamping the
enclosed extra copy of this letter and returning same to my
attention. Thank you for your assistance.

Sincerely,

Wayne L. Schiefelbein
