Pursuant to Rule 25-22.006, Florida Administrative Code, Sprint-Florida, Inc. ("Sprint" or the "Company") files this Request for Specified Confidential Classification for certain information provided to the Staff in this docket, and says:

1. This request covers documents numbered 1 through 10, which relate to traffic study information and identified as Exhibit One to the Direct Testimony of Sharon E. Harrell.

satisfy its burden by including a justifying statement indicating what penalties or ill effects on the Company or its ratepayers will result from the disclosure of the information to the public. The Company has identified this confidential information on a line-by-line basis, and has appended the required line-by-line identification and justifications hereto as Exhibit "C."

4. The information for which confidential treatment is requested has not been disclosed, except pursuant to a protective agreement that provides that the information will not be released to the public.

NOTE 1: The information listed on all pages and line numbers in Exhibit C consists of market information including volumes of traffic on specific interLATA routes broken out in several different categories including volumes of messages by messages, minutes, revenues, time-of-day, and residence and business. In addition, averages of messages per access and by minutes per message, revenues per message, revenue per access line and revenue per calling customer are also provided.

The information included in the studies is completely or substantially AT&T traffic information. The public disclosure of this information would allow competitor of AT&T an undue advantage in pinpointing those routes or segment of routes which are most susceptible to competition. The information is even more detailed, and is at least as sensitive and as useful to competitors as the capacity information which the Commission held was entitled to confidential status in Order No. 21362, issued June 9, 1989.

No public benefit would offset the harm which would be caused by the public disclosure fo this information.
