Re: Docket No. **971016-TC**

Dear Chairman Johnson:

On behalf of InVision Telecom, Inc. this is to request that the Commission defer Item 36 on the Sept. 23rd Agenda until the October 7 Agenda. As explained herein, it may not be necessary for the Commission to act on this matter.

Item 36 is a recommendation of Staff that the Commission cancel a portion of InVision's tariff which addresses calls from confinement facilities. As you might expect, InVision does not agree with the recommendation and plans to address the Commission on this item. However, InVision has entered into an agreement with Talton Holdings, Inc. to sell the inmate phone division and that closing is currently scheduled for October 1, 1997. When the closing is complete, the tariff section at issue will be withdrawn and will no longer be in effect. The practical effect of the sale is that the tariff issue addressed by the Staff becomes moot. This information is contained in the attached letter dated August 22, 1997. This letter is referenced in the recommendation, but at the time the recommendation was prepared, there was not a specific closing date.

InVision believes that deferral of the item would be the most efficient use of time and resources given these unique circumstances. If the item is deferred and the closing takes place, there will be no need to address the Commission and no need for action by the Commission. Should there

be an unexpected change in the closing date, the Commission would then have the opportunity to act on the item at the next scheduled conference.

For these reasons, InVision would ask that the Commission defer this item one Agenda.

Sincerely,
