RE: DOCKET NO. 980282-TC, REQUEST FOR NAME CHANGE ON PAY TELEPHONE CERTIFICATE NUMBER 4902 FROM DERRELL FAGAN to DERRELL FAGAN d/b/a TRIDENT COMMUNICATIONS

Derrell Fagan (TF765) has requested a name change on his certificate No. 4902 from DERRELL FAGAN to DERRELL FAGAN d/b/a TRIDENT COMMUNICATIONS.

Since the change does not involve a change of control or transfer of assets, it is my recommendation that the name change be acknowledged and that the certificate be reissued.

As required in Chapter 2.07, Section C.3 of the Administrative Procedures, this is to inform you that I concur with the name change on Certificate of Public Convenience and Necessity No. 4902 from DERRELL FAGAN to DERRELL FAGAN d/b/a TRIDENT COMMUNICATIONS.

Should you require additional information, please contact Brenda H. Hawkins at (904) 413-6556.

Regarding File Number TF765.980.

Dear Barbara:

After reviewing your letter dated February 5, 1998, and checking the pay telephones listed, I trust the following will resolve any issues or concerns.

Phone 850-469-9962 2905 E. Cervantes Pensacola Items: 6 14 22 24

Item 6: This one has me confused. I inspected the location after receiving your letter and the directory was there. I carry current directories with me and replace them as necessary when I service or collect from the phones.

Item 14: Since receiving my certificate I have filed for and received a Fictitious Name of Trident Communications from the State of Florida and an Occupational License from Santa Rosa County. Please forward a copy of this letter to your records department. ~~There is no need to forward this letter to your department as your department sees a need to do so.~~ However, I do not want any confusion caused with the State Revenue Department on existing tax numbers, or with the Federal Authorities on FEIN numbers, tax filings, etc.

Item 22: Complaint verified and corrected.

Item 24: Item eliminated per our phone conversation.

Phone 850-939-8667 2105 Tom Street Navarre Items: 14 16 17 22 28

Item: 14: Same as above.

Item 16: I am confused on this one as well. I have enclosed a copy of both the upper and lower cards. I have marked the dialing instructions for your review. I designed these cards to approximate the information location and content to be consistent with the BellSouth cards.

Item 17: Again I find myself at a loss. I am under the impression that exceptions must be filed and approved by the state for any service not available. Since that is not the case here, I am not really sure what is expected.

Item 22: Complaint verified and corrected.

Item 29: I could not verify this complaint. These phones (850-489-9952 and 850-939-9557) are operated by the same register file that directs 0-, 0+ local, and 0+ intralata to the LEC. I was surprised to see this item appear on one and not the other. After receiving your letter, I inspected the phone and it was directing calls properly. However there is an unusual location condition with the Navarre area. The local calling area is serviced by two LECs, BellSouth and Sprint. The programming will only direct to one LEC and since the phone physically resides in the BellSouth area, it directs this traffic to BellSouth.

Please contact me directly if you have any questions or concerns that I failed to address.

Sincerely,

Derrell Fagen
