Dear Sir:

AGAIN - we are being hit with a proposed water hike. Now you think this is a little too much for senior citizens. My water bill for 2 people plus ~~me~~ me \$51.69 for one month. We are very

conservative & do not waste. That's how we were brought up. I wish that it ^{is} \$20.28 for our water only. That is one utility bill. That can

be an awful bite out of one's Social Security check. Remember we still have electricity, phone, food, medicine, gas & other expenses.

Why should we have to pay their legal bills. We did not have anything to do with their problems. If I have legal bills I can't just shove them off to someone to pay. This I can't understand. I hope some body reads this & thinks

of us. They have been raising us for years. Not too long we got an enormous raise to pay for their new building. This is getting to the point of being ridiculous.
