

MEMORANDUM

July 27, 1998

TO: Participants in Special Project No. 980000B-SP - Access by Telecommunications Companies to Customers in Multi-Tenant Environments

FROM: Catherine Bedell, Division of Legal Services *CB*

RE: Project filings and Internet access

As stated during the July 12, 1998 workshop, a paper copy and diskette (if possible) of positions and comments on issues in this project are to be submitted to the Division of Records and Reporting by July 29, 1998. We remind you that it is critical that parties do not miss the filing deadline. We anticipate that it will take approximately two days to transfer the diskette filings onto our website. Positions and comments not filed by diskette will not be available on the website.

There are two methods of accessing the information from the Internet. A browser can get you to the area on the PSC website where the project documents will be stored. The first method entails the following steps:

1. Go to the PSC Homepage at <http://www.scri.net/psc>
2. Scroll down to DOCKETS.
3. Click on CURRENT DOCKET ACTIVITY.
4. Click on OPEN GENERIC DOCKETS.
5. Scroll down to 980000B-SP.
6. Click on DOCUMENT FILINGS INDEX.
7. Click on the appropriate document number (one of the numbers in bold type on the left side of the screen).
