Tallahassee, FL 32399-0865

Dear Mrs. Hicks,

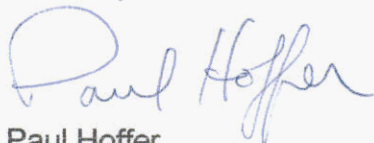

In response to telephone conversations we had during the week of Nov. 9 – 13, 1998, I am sending this letter authorizing the Florida Public Service Commission to exceed the 15 month legislative time limit for staff assisted rate cases. I am waiving the 15-month rule under the impression, that because of the need to contact me for additional information, the Florida Public Service Commission now requires up to two additional months to complete the staff assisted rate case.

Enclosed with this letter are the materials that you requested. Specifically, printouts of the 1997 spreadsheet I used to calculate the sewer billings for the trailer park. Please understand that the way this spreadsheet works is that I enter a number, which represents the number of gallons used in the second through forth columns. The spreadsheet then does a lookup and inserts the corresponding Pasco County water charge into columns five through seven. Column eight then does a summation of columns five though seven. Finally, column nine multiplies the value in column eight by 75% to derive our sewer charges. A printout of the Pasco County water rates lookup table has also been provided.

I have also excluded a diskette with a copy of this spreadsheet. The file name is 97SEWER.XLS and is a Microsoft Excel file. It should easily be converted to a Louts spreadsheet if necessary. Cissy said that they would need the Pasco County Utilities water billing sheets for Jan, Feb, and Mar. of 97 and I asked Dad to call them and request they send us copies. As soon as those are available, I will have them forwarded to you

Please send copies of this information to Cissy. If you have any questions, please call me at (715) 815-3111.

Sincerely,

Paul Hoffer
Accountant
