Re: Docket No. 980657-WS; Application for amendment of Certificate nos. 279-W
          and 226-S in Seminole County by Florida Water Services.

Dear Ms. Bayo:

Attached for filing is a letter from Charles K. Smith, Public Works Director for the City
of Oviedo (the "City"), whereby the City conditionally removed the objection it
previously filed in this docket.

The condition for the City's withdrawing its objection, the removal of areas within city
limits from the territory request has been met. On March 3,1999, Florida Water Services
filed revisions to its territory addition removing the areas of concern to the City from the
amendment application.

RE: Application to Amend Water and Wastewater Certificate Nos. 279-W and 266-S

Dear Ms. Brubaker:

This is to state that the City of Oviedo is conditionally removing its objection to Florida Water Services certificated territory increase. The condition is based on Florida Water Services removing all areas that lie within the City of Oviedo from their request.

Florida Water Services has provided the attached legal that has in fact removed City lands from request. Thus, if Florida Water Service replaces an exact copy of the attached legal with the Public Service Commission, the City shall be considered as having removed its objection.

If you have any questions, I can be reached at (407) 977-6029.

Sincerely,

Charles K. Smith, P.E.
Director of Public Works
