Re: Docket No. 991533-TI
Least Cost Routing, Inc.

Dear Ms. Bayó,

It has come to my attention that our company, Least Cost Routing, Inc., has failed to submit its 1998 Regulatory Assessment Fee (RAF) Return as well as pay the RAF for 1998 in a timely manner. Upon further research, I also found that there were amounts outstanding for the years 1995 – 1997. There was an address change earlier this year, therefore, many forms were never received in this office despite a forwarding order that was placed with the Post Office. I came to Least Cost Routing during this time and have been working diligently to get this issue addressed. I would like to apologize for our untimeliness as well as advise you that I will make every attempt to insure that all returns are filed and any fees paid on or before such due dates.

I understand that the status of our certificate is in jeopardy and at this time would like to request that it be kept active. All past due balances for years 95 – 97 have been paid as well as the 98 return has been filed with applicable fees and penalties. I would like to make a settlement offer of \$100.00 in order to maintain our active status. Please advise at your earliest convenience if this is acceptable to you.

Thank you for your attention to this matter.

Sincerely,

Jessica Alvarez
General Manager
