Dear Mr. Rouhani:

This will acknowledge receipt of your letter to Chairman Garcia dated November 29, 1999, in response to Order No. PSC-99-2205-PAA-TC. As information, the regulatory assessment fee is assessed to all certificate holders if a certificate is active for any day during a calendar year, whether or not a company actually installs any payphones. Now that the Commission has received a timely protest to the Order, I can bring another recommendation back to the Commissioners to recommend a voluntary cancellation of your pay telephone certificate. However, you must first pay the outstanding regulatory assessment fee, including statutory penalty and interest charges. If your payment is postmarked by December 30, the amount past due is \$68.00, which includes the minimum \$50.00 fee, \$12.50 penalty, and \$5.50 interest. If your payment is postmarked December 31 through January 30, the amount past due increases to \$68.50 (the interest charge increases to \$6.00). In addition to the 1998 fee, you are also responsible for the 1999 fee of \$50.00, since the Commission was not previously notified that you wished to cancel your certificate. The 1999 fee becomes due January 31, 2000. You may either go ahead and pay the 1999 fee when you pay the 1998 fee, or wait until January 31.
