Dear Sir or Madam:

Pursuant to the request of the Florida Public Service Commission's Audit and Financial Analysis Department, enclosed is the Amended Interexchange Company Regulatory Assessment Fee Report for the six months ended June 30, 1999, Form PSC/CMU-153 for BellSouth Public Communications, Inc. (BSPC).

Because the enclosed form includes confidential revenue information, BSPC continues to respectfully and formally requests that such revenue be treated as confidential and not be made available for public inspection, pursuant to the appropriate rules and/or practices of the Commission and its staff.

The type of information which BSPC is hereby requesting to have handled in a confidential manner consists of revenue information. Because of the highly competitive nature of the payphone service provider industry, this is not the type of information which a company such as BSPC would normally share with the public, let alone its competitors. Any release of this information to the public would likely result in competitive harm to BSPC.

If you have any questions regarding this data submission, please contact me at the telephone number or address included hereon.

Sincerely,

Randy Yancey
