RE: APPLICATION FOR AUTHORITY TO PROVIDE ALEC SERVICES IN FLORIDA
DATA GRADE ONLY

Dear Ms. McCoy:

Please find the original and seven (7) copies of International Web Technologies, Inc.'s "Application for Authority to Provide Alternative Local Access Service in the State of Florida".

Additionally, please date and time stamp one of the copies and return it to the corporation in the self-addressed envelope enclosed, to indicate the filing of these documents.

Should you have any questions regarding the application and attached filings please contact me at the address and numbers listed below.

Lastly, please mark this application, and the information contained within, CONFIDENTIAL, not for public record.

Thank you in advance for your prompt attention to this application.

Sincerely,

Jeffrey A. Davis
President & CEO

ANSWERS
For
APPLICATION FOR AUTHORITY TO PROVIDE ALTERNATIVE LOCAL
EXCHANGE SERVICE WITHIN THE STATE OF FLORIDA (Rev2)

DATA GRADE ONLY

1. This is an application for **Original Authority**.
2. The name of the applicant is **International Web Technologies, Inc.**, a Florida Corporation, hereinafter referred to as "applicant".
3. The applicant's mailing address is:

International Web Technologies, Inc.
3500 NW Boca Raton Blvd. Suite 902
Boca Raton, FL 33431
561-620-8837 (Voice)
561-620-8840 (Fax)

This is the applicant's National, Florida, and Local Exchange services addresses.

4. The Applicant is a Florida Corporation.
5. The Florida Corporate charter number is **P98000075682**
6. The Applicant will do business under the name **International Web Technologies, Inc.**
7. Item #10 is not applicable due to the Applicant will not be using a fictitious name.
8. None of the officers, directors, or stockholders of the applicant have ever been adjudged bankrupt, mentally incompetent, or found guilty of any felony or of any crime.
9. None of the officers, directors, or stockholders has not been an officer; director or shareholder in any other Florida certificated Telephone Company.
10. The liaison for all communications with the Applicant, including this application, will be:

Jeffrey A. Davis
3500 NW Boca Raton Blvd. Suite 902
Boca Raton, FL 33431
561-620-8837 ex.104 (Voice)

561-620-8840 (Fax)

jdavis@intlweb.net (email)

<http://www.internationalweb.com> (web site)

11. The Applicant currently does not provide local exchange or alternative exchange service.
12. The Applicant has never been denied certification by Florida, or any other State granting such authority.
13. There have never been any penalties imposed against the Applicant by Florida, or any other State.
14. No, there has never been any involvement in civil court proceeding with an interexchange carrier, local exchange company or other telecommunications entity by an officer, director, or shareholder, or by the company it self.
15. Upon authority being granted the Applicant by the State of Florida, the Applicant will establish for it's customers, a Customer Service Department (CSD) and a Network Operations Center (NOC) that will be manned 24 hours a day, 7 days a week. Any customer of the Applicant will be able to contact a representative of the Applicant to file any necessary complaint, service order, billing question, or other such matter with this department.
16. There are no true financial statements for the Applicant. Although the corporation has been in existence since August of 1998, this project is to be a start-up company. There have been Two (1) Zero (\$0.00) dollar tax return filed with the IRS for 1998. The Applicant has produced a Business Plan, with the intention to raise capital for the projects contained within the plan. These projects are based on the Applicant receiving an ALEC license from the State of Florida. Initially, the start up capital will come from the company's two major shareholders and directors. If desired by the Commission, the Applicant can furnish this business plan for review.

The Applicant's plan initially is to "wholesale" data local exchange services to its network of resellers that have already been established. Additionally, the Applicant will use this license to provide to a company that is duly owned by Applicants two major shareholders, a more cost effective way of providing "Local Loop" service to their customers who purchase Internet Bandwidth from them.

A copy of the most current management profile for the company is included and attached to the application, as well a description of each managers qualifications and technical capabilities. Additional references for Applicant are available upon request.

AFFIDAVIT

By my signature below, I, the undersigned officer and director, attest to the accuracy of the information contained in this application and attached documents and that the applicant has the technical expertise, managerial ability, and financial capability to provide alternative local exchange service in the State of Florida. I have read the foregoing and declare that to the best of my knowledge and belief, the information is true and correct. I attest that I have the authority to sign on behalf of my company and agree to comply, now and in the future, with all applicable Commission rules and orders.

Further, I am aware that pursuant to Chapter 837.06, Florida Statutes, "Whoever knowingly makes a false statement in writing with the intent to mislead a public servant in the performance of his official duty shall be guilty of misdemeanor of the second degree, punishable as provided in Section 775.082 and Section 775.083".

International Web Technologies, Inc.

Management Profile

Jeffrey A. Davis - Founder, *President & Chief Executive Officer*

Mr. Davis founded the Company and has served as President & Chief Executive Officer since the company's inception. He brings the Company over five years of hands on experience in systems integration, network setup and design, routing and switching, telecommunications, technical operations and management. Mr. Davis was a co-founder of the WorldWideWeb Institute.Com, Inc. (NASDAQ.BB: WWSA) where he designed and developed their computer and Internet network. WWWI has become a world leader in the web site hosting and design industry, with over 16,000 web site clients worldwide. After leaving the company, Mr. Davis founded International Web Technologies, Inc., International Web Technologies has become a Dell Computer Corporation Business Alliance Partner, a TechData VAR, a Cable & Wireless Authorized Sales Agent and an active member in the Intel Internet Service Providers Program. Most recently Davis has been focusing his time as a consultant for Money.Net Incorporated, heading up their Emerging Projects division. Mr. Davis is a director of Host Internet Network Services; a national high-speed Internet solutions provider located in Boca Raton, Florida

Randy Epstein - *Executive Vice President & Chief Technology Officer*

Mr. Epstein joined the Company in February and has served as Executive Vice President & Chief Technology Officer since. He brings the Company over ten years experience in direct network design, operations and staff management. Mr. Epstein is co-founder and Chief Technology Officer of Money.Net Incorporated, however he does not handle day-to-day operations. Money.Net is a leading business and financial web site. Mr. Epstein founded Host Internet Network Services in 1995; a national high-speed Internet solutions provider located in Boca Raton, Florida, a company for which Mr. Epstein continues to serve as Director. Mr. Epstein was with WIZnet, an electronic commerce and Internet provider, from 1996 to 1998 and also co-founded Internet Gateway Connections as the first company to offer Internet access using ISDN technology in Florida. From 1993 to 1995, Mr. Epstein was with Automated Business Corporation, the exclusive systems provider to Akzo-Nobel, Sherwin Williams, BASF and Dupont, where Mr. Epstein designed and developed multiple network solutions for these companies. Mr. Epstein started his career in computers and communication solutions when he founded and served as President of FFAST Computronics where he designed and developed bulletin board software for the Commodore 64 and 128 lines of 8-bit computers. FASST became an authorized Commodore Amiga reseller under his direction. After selling the company, Mr. Epstein developed Rapid Central Corporation, which was a national leading edge company in the area of burglar/fire alarm monitoring.

Andrew J. Transleau – Proposed, Chief Financial Officer & Chairman of the Board

Mr. Transleau is working with Company and is the proposed Chief Financial Officer & Chairman of the Board. He brings the Company over fourteen years of business experience. Mr. Transleau graduated from Florida Atlantic University in December 1984 with a Bachelor of Business Administration, majoring in finance and accounting. Mr. Transleau continued with post-graduate school through August 1986. In May 1987 Mr. Transleau passed the CPA exam and practiced public accounting through October 1997. While in public accounting, Mr. Transleau worked for large national public accounting firms (Grant Thornton from September 1986 through December 1988 and McGladrey and Pullen from January 1989 through October 1997). In November 1997 Mr. Transleau left public accounting and went into private industry. He became the Southeast Operations controller for a large contract manufacturer, EFTC. The division specializes in manufacturing circuit card assemblies for the aerospace industry. Its principal customer is AlliedSignal (now Honeywell). In January 1999, Mr. Transleau was promoted to Director of Business Operations and was in-charge of both finance and program management. This position effectively made him second in-charge of a \$45 million, 350-person operation. During his tenure at EFTC, Mr. Transleau has successfully negotiated large lucrative contracts for EFTC with its principal customers and developed, implemented and maintained key policies and procedures. Mr. Transleau has also worked with trouble suppliers to fix the material pipeline and insure product flow to customers. During Mr. Transleau's career in public accounting he served several industries and performed a wide variety of services. Industries served included: SEC engagements; manufacturing; construction; hospitality; and, not for profit. Services provided were: financial audits; operational reviews; and, management advisory services. Mr. Transleau will provide effective leadership to the Company through vision, sound financial practices and creative business solutions. He is a seasoned pro who recognizes that the primary objective of the Company is to create wealth for its shareholders by accomplishing its mission. His approach to accomplishing the mission will be to seek out good deals that are Win-Win in nature. "Both the customer and company have to win if we both are to prosper".
