RE: Docket No. 000061-EI - Complaint by Allied Universal Corporation and Chemical Formulators, Inc. against Tampa Electric Company for Violations of Sections 366.03, 366.06(2) and 366.07, F.S.

Handwritten notes: EJD, DPW, TAD, RUE FOR MKS, CSE

Confidential Documents Nos. 03140-00, 03141-00, 03142-00 and 03143-00

On March 10, 2000, Tampa Electric Company (TECO) filed a request for confidential treatment of the above referenced documents, which pertain to its Commercial/Industrial Service Rider (CISR) tariff. In Order No. PSC-00-1171-CFO-EI, issued June 27, 2000, the Prehearing Officer found that TECO's confidentiality request was overly broad. The Prehearing Officer directed TECO to revise its request to include a list of the pages or lines that deserve confidential classification, along with justifications, as required by Section 366.093, Florida Statutes. In addition, the Prehearing Officer found that TECO's filing included irrelevant and duplicative documents.

In response to Order No. PSC-00-1171-CFO-EI, TECO filed on July 7, 2000, a Supplemental Request of Tampa Electric Company for Confidential Classification of Documents. Exhibit B of TECO's supplemental request identifies documents which represent duplicative or irrelevant information. Staff has reviewed these documents and agrees that the documents identified in Attachment A of this Memorandum can be returned to TECO.
