In re: Investigation into appropriate methods to compensate carriers for exchange of traffic subject to Section 251 of the Telecommunications Act of 1996.

DOCKET NO. 000075-TP
ORDER NO. PSC-00-1629-PCO-TP
ISSUED: September 12, 2000

ORDER GRANTING INTERVENTION

BY THE COMMISSION:

By Petition, BroadBand Office Communications, Inc. (BBOC) has requested permission to intervene in this proceeding. BBOC states that it is certificated to provide local exchange and interexchange telecommunications services in Florida and intends to provide a variety of local exchange and interexchange telecommunications services to business, government, and residential end users. BroadBand states that as a provider of local exchange and interexchange telecommunications services, it has a substantial interest in the Commission's decision in this docket. BBOC states that its rights and interests in this matter will not adequately be represented by any other party and its participation will not unduly delay the proceedings.

Having reviewed the Petition, it appears that BBOC's substantial interests may be affected by this proceeding because it provides both local and interexchange telecommunications services in this state and the Commission's decision may affect such provision. Therefore, the Petition shall be granted. Pursuant to Rule 25-22.039, Florida Administrative Code, BBOC takes the case as it finds it.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the Petition to Intervene by BroadBand Office Communications, Inc. is hereby granted. It is further

ORDERED that all parties to this proceeding shall furnish copies of all testimony, exhibits, pleadings, and other documents which may hereinafter be filed in this proceeding, to:
