FPSC-RECORDS/REPORTING

To Whom it may Concern:

My family & I are absolutely & totally against United Water Florida, Inc. extending their water & sewer lines through our communities!!!

① We feel as though it is communistic as it is being forced upon us - the land owner! Where is our choice in this matter?

② The cost is outrageous as is!! Not to mention inflation as time passes; you may increase cost any time you please. Also, the added fees, cost per linear footage, monthly payments, etc. Who knows what this could lead to.

③ This is a way to control our land - The developer is allowed to come in & do as he pleases; - & we have to pay for what he needs !?!?

We are pleading for your help immediately - we have very little time to protect this matter, as the public was not informed until Sept. 6, 2000.

Thank you for your expedient help in →
