Re: Approval of two Amendments to the Interconnection Agreement Negotiated by BellSouth Telecommunications, Inc. ("BellSouth") and NEXTLINK Florida, Inc. pursuant to Sections 251, 252 and 271 of the Telecommunications Act of 1996

Dear Mrs. Bayo:

Pursuant to section 252(e) of the Telecommunications Act of 1996, BellSouth and NEXTLINK Florida, Inc. are submitting to the Florida Public Service Commission two amendments to their negotiated agreement for the interconnection of their networks, the unbundling of specific network elements offered by BellSouth and the resale of BellSouth's telecommunications services to NEXTLINK Florida, Inc. The Commission approved the initial agreement between the companies in Order No. 98-1324-FOF-TP issued October 12, 1998 in Docket 980886-TP.

Pursuant to section 252(e) of the Act, the Commission is charged with approving or rejecting the negotiated agreement between BellSouth and NEXTLINK Florida, Inc. within 90 days of its submission. The Act provides that the Commission may only reject such an agreement if it finds that the agreement or any portion of the agreement discriminates against a telecommunications carrier not a party to the agreement or the implementation of the agreement or any portion of the agreement is not consistent with the public interest, convenience and necessity. Both parties aver that neither of these reasons exist as to the agreement they have negotiated and therefore, are very hopeful that the Commission shall approve their agreement.

Very truly yours,

Marshall M. Criser III

Regulatory Vice President

The Amendment entered into by and between NEXTLINK Florida, Inc. and BellSouth Telecommunications, Inc., dated 08/14/2000, for the state of Florida consists of the following:

ITEM	NO. PAGES
Amendment	3
TOTAL	3

**FIFTH
AMENDMENT
TO THE
AGREEMENT BETWEEN
NEXTLINK FLORIDA, INC.
BELLSOUTH TELECOMMUNICATIONS, INC.
DATED June 23, 1998**

Pursuant to this Agreement, (the "Amendment"), NEXTLINK Florida, Inc. ("NEXTLINK"), and BellSouth Telecommunications, Inc. ("BellSouth"), hereinafter referred to collectively as the "Parties," hereby agree to amend that certain Interconnection Agreement between the Parties dated June 23, 1998 ("Agreement").

WHEREAS, BellSouth and NEXTLINK entered into the Agreement on June 23, 1998 and;

WHEREAS, the Parties desire to include in the agreement geographically deaveraged rates for unbundled loops pursuant to effective and applicable rules of the Federal Communications Commission;

NOW THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby covenant and agree as follows:

1. The Unbundled Network Element ("UNE") Loop Rates set forth in Attachment 12 of the Agreement are hereby amended to replace certain recurring rates with deaveraged UNE zone rates, as set forth in Exhibit A of this Amendment.
- 1.2 The deaveraged rates, upon the execution of this Amendment, shall remain in effect from the effective date of this Amendment throughout the remaining term of the Agreement unless different deaveraged UNE Loop and/or Loop/Port Combination rates are established by a Commission proceeding (e.g. arbitration or generic UNE cost proceeding). In the event different deaveraged rates are established as the result of a Commission proceeding, the Parties shall amend the Agreement to incorporate such rates. The deaveraged rates shall become effective as of June 1, 2000, and the rates set forth in this Amendment shall not be subject to true up.
- 1.3 The Parties agree that until approximately December 31, 2000 or until such time that BellSouth billing systems have been developed to handle the new zone rate structure, BellSouth will bill at the Zone 1 Deaveraged rate level only. After December 31, 2000 or such time that the billing systems have been developed to handle the new zone rate structure, BellSouth will begin billing pursuant to this Amendment; prior Zone 1 billing shall not be subject to true up.

2. All of the other provisions of the Agreement, dated June 23, 1998, shall remain in full force and effect.
3. Either or both of the Parties is authorized to submit this Amendment to the respective state regulatory authorities for approval subject to Section 252(e) of the Federal Telecommunications Act of 1996.

IN WITNESS WHEREOF, the Parties hereto have caused this Amendment to be executed by their respective duly authorized representatives on the date indicated below.

ITEM	NO. PAGES
Amendment	22
TOTAL	22

**AMENDMENT
TO THE INTERCONNECTION
AGREEMENT BETWEEN
NEXTLINK FLORIDA, INC. AND
BELLSOUTH TELECOMMUNICATIONS, INC.
DATED June 23, 1998**

Pursuant to this Agreement, (the "Amendment"), NEXTLINK Florida, Inc. ("NEXTLINK"), and BellSouth Telecommunications, Inc. ("BellSouth"), hereinafter referred to collectively as the "Parties," hereby agree to amend that certain Interconnection Agreement between the Parties dated June 23, (the "Agreement").

WHEREAS, BellSouth and NEXTLINK entered into the Agreement in the state of Florida and;

NOW THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby covenant and agree as follows:

1. Enhanced Extended Link

1.1 Where facilities permit and where necessary to comply with an effective FCC and/or State Commission order, BellSouth shall offer access to the Enhanced Extended Link ("EEL") as defined in Section 1.2 below.

1.2 Definitions

1.2.1 For purposes of this Amendment, references to "Currently Combined" network elements shall mean that such network elements are in fact already combined by BellSouth in the BellSouth network to provide service to a particular end user at a particular location.

1.2.2 BellSouth will provide access to the Enhanced Extended Link ("EEL") in the combinations set forth in 1.3 following, and subject to the terms and conditions set forth in 1.4.1 below. This offering is intended to provide connectivity from an end user's location through that end user's SWC and then connected to the NEXTLINK's POP serving wire center. Except as otherwise explicitly set forth herein, the circuit must be connected to NEXTLINK's switch for the purpose of provisioning telephone exchange service to NEXTLINK's end user customers. This can be done either in the collocation space at the POP SWC, or by using BellSouth's access facilities between the NEXTLINK's POP and NEXTLINK's collocation space at the POP SWC, as stated in 1.4.1 below.

1.2.3 BellSouth shall make available to NEXTLINK those EEL combinations and transport described in Section 1.3 below only to the extent such combinations of loop and transport network elements are Currently Combined. In addition, BellSouth will make available new combinations of loops and transport network elements in Density Zone 1, as defined in 47 C.F.R 69.123 as of January 1, 1999, in the Atlanta, GA; Miami, FL; Orlando, FL; Fort Lauderdale, FL; Charlotte-Gastonia-Rock Hill, NC; Greensboro-Winston Salem-High Point, NC; Nashville, TN; and New Orleans, LA, Except as stated above, other combinations of network elements will be provided to NEXTLINK only to the extent such network elements are Currently Combined.

1.2.4 Additionally, there may be instances wherein NEXTLINK will require multiplexing functionality. BellSouth will provide access to multiplexing within the central office pursuant to the terms, conditions and rates set forth in its Access Services Tariffs when the customer utilizes special access interoffice facilities. Multiplexing will be provided pursuant to the Agreement when unbundled network elements are used for interoffice transport.

1.3 EEL Combinations

1.3.1 DS1 Interoffice Channel + DS1 Channelization + 2-wire VG Local Loop

1.3.2 DS1 Interoffice Channel + DS1 Channelization + 4-wire VG Local Loop

1.3.3 DS1 Interoffice Channel + DS1 Channelization + 2-wire ISDN Local Loop

1.3.4 DS1 Interoffice Channel + DS1 Channelization + 4-wire 56 kbps Local Loop

1.3.5 DS1 Interoffice Channel + DS1 Channelization + 4-wire 64 kbps Local Loop

1.3.6 DS1 Interoffice Channel + DS1 Local Loop

1.3.7 DS3 Interoffice Channel + DS3 Local Loop

1.3.8 STS-1 Interoffice Channel + STS-1 Local Loop

1.3.9 DS3 Interoffice Channel + DS3 Channelization + DS1 Local Loop

1.3.10 STS-1 Interoffice Channel + DS3 Channelization + DS1 Local Loop

1.3.11 2-wire VG Interoffice Channel + 2-wire VG Local Loop

1.3.12 4wire VG Interoffice Channel + 4-wire VG Local Loop

1.3.13 4-wire 56 kbps Interoffice Channel + 4-wire 56 kbps Local Loop

1.3.14 4-wire 64 kbps Interoffice Channel + 4-wire 64 kbps Local Loop

1.4 Special Access Service Conversions

NEXTLINK may not convert special access services to combinations of loop and transport network elements, whether or not NEXTLINK self-provides its entrance facilities (or obtains entrance facilities from a third party), unless NEXTLINK uses the combination to provide a "significant amount of local exchange service," to a particular customer, as defined in 1.4.1 below. To the extent NEXTLINK converts its special access services to combinations of loop and transport network elements at UNE prices, NEXTLINK, hereby, certifies that it is providing a significant amount of local exchange service over such combinations, as set forth in 1.4.1 below. If, based on audits performed as set forth in this section, BellSouth concludes that NEXTLINK is not providing a significant amount of local exchange traffic over the combinations of loop and transport network elements, BellSouth may file a complaint with the appropriate Commission, pursuant to the dispute resolution process as set forth in the Interconnection Agreement. In the event that BellSouth prevails, BellSouth may convert such combinations of loop and transport network elements to special access services and may seek appropriate retroactive reimbursement from NEXTLINK. Notwithstanding any provision in the Parties interconnection agreement to the contrary, BellSouth may only conduct such audits as reasonably

necessary to determine whether NEXTLINK is providing a significant amount of local exchange service over facilities provided as combinations of loop and transport network elements, and, except where noncompliance has been found, BellSouth shall perform such audits no more than once each calendar year. BellSouth shall provide NEXTLINK and the FCC at least thirty days notice of any such audit, shall hire an independent auditor to perform such audit, and shall be responsible for all costs of said independent audit, unless noncompliance is found, in which case NEXTLINK shall be responsible for reimbursement to BellSouth for the reasonable costs of such audit. NEXTLINK shall cooperate with said auditor, and shall provide appropriate records from which said auditor can verify NEXTLINK's local usage certification as set forth in 1.4.1 below. In no event, however, shall BellSouth or its hired auditor require records other than those kept by NEXTLINK in the ordinary course of business.

- 1.4.1 EEL combinations for DS1 level and above will be available only when NEXTLINK provides and handles a significant amount of the end user's local exchange service. NEXTLINK shall be deemed to be providing a significant amount of the end user's local exchange service where NEXTLINK meets one of the three circumstances set forth in 1.4.1.1, 1.4.1.2, or 1.4.1.3 below. NEXTLINK hereby certifies that all requests for EEL combinations, existing or new, shall meet one of these circumstances. Should extraordinary circumstances exist where NEXTLINK is providing a significant amount of local exchange service to an end user but does not qualify under any of these three circumstances, NEXTLINK may petition the FCC for a waiver of these requirements.
 - 1.4.1.1 NEXTLINK certifies that it is the exclusive provider of the end user's local exchange service. In such circumstance, the EEL combination(s) must terminate at NEXTLINK's collocation arrangement at at least one BellSouth Central Office. Such EEL combinations may not be connected to other BellSouth tariffed services. NEXTLINK may use the EEL combination(s) that serve that end user to carry any type of traffic; or
 - 1.4.1.2 NEXTLINK certifies that it provides local exchange and exchange access service to the end user customer's premises and handles at least one third of the end user customer's local traffic measured as a percent of total end user customer local dialtone lines; and, for DS1 circuits and above, at least 50 percent of the activated channels on the loop portion of the EEL combination have at least 5 percent local voice traffic individually, and the entire loop facility has at least 10 percent local voice traffic. When such EEL combination includes multiplexing, each of the individual DS1 circuits must meet this criteria. In the circumstance set forth in this subsection, the EEL combination(s) must terminate at NEXTLINK's collocation arrangement in at least one BellSouth Central Office. Such EEL combinations may not be

connected to other BellSouth tariffed services. NEXTLINK may use such EEL combinations to provide other services to the end user, so long as the local usage criteria set forth in this subsection are met; or

1.4.1.3 NEXTLINK certifies that it provides originating and terminating local dialtone service on at least 50 percent of the activated channels on a circuit, and at least 50 percent of the traffic on each of these local dialtone channels is local voice traffic. Further, the entire loop facility must have at least 33 percent local voice traffic. When such EEL combination includes multiplexing, each of the individual DS1 circuits must meet this criteria. NEXTLINK does not need to provide a defined portion of the end user's local service, but the active channels, and the entire facility, must carry the amount of local exchange traffic specified in this option. In the circumstance set forth in this subsection, collocation is not required. Such EEL combinations may not be connected to other BellSouth tariffed services.

1.5 Rates

1.5.1 Subject to Section 1.2.3 preceding, for all other states, the non-recurring and recurring rates for the Currently Combined EEL combinations set forth in Section 1.3 and other Currently Combined network elements will be the sum of the recurring rates for the individual network elements plus a nonrecurring charge as set forth in Exhibit A to this Amendment. If a rate element is listed as NA in Exhibit A, then the appropriate individual UNE rate listed in Attachment 12 of the existing Interconnection Agreement will apply.

2. All of the other provisions of the Agreement, dated June 23, 1998 shall remain in full force and effect.

3. Either or both of the Parties is authorized to submit this Amendment to the respective state regulatory authorities for approval subject to Section 252(e) of the Federal Telecommunications Act of 1996.

IN WITNESS WHEREOF, the Parties hereto have caused this Amendment to be executed by their respective duly authorized representatives on the date indicated below.

	NRC- DS1 COMBINATION - "Switch As Is" Conversion Charge - Disconnect - Add'l	UNCCC	\$13.03	
	Notes :			
	1 Deaveraged Rates will be effective May 1, 2000			
	2 New EELs will only be available in the State of Georgia and in density Zone 1 of the following MSAs in the BellSouth Region:			
	Florida - Miami, Orlando, Ft. Lauderdale			
	Louisiana - New Orleans			
	N. Carolina - Greensboro, Charlotte			
	Tennessee - Nashville			
	3 Unapproved rates are subject to true up.			
	4 Add together the recurring rates of all the applicable network elements in order to obtain total monthly recurring rate.			
	* Examples:			
	- 2-wire VG Loop + Voice Grade Interface Card + DS1 Channelization System + DS1 Interoffice Channel			
	- DS1 Loop + DS1 Interface Card + DS3 Channelization System + DS3 Interoffice Channel			
	- DS3 Local Channel + DS3 Interoffice Channel + DS3 Channelization System + DS1 Interface Card			
	5 The Ordinarily Combined in GA NRC applies to new combinations within the State of Georgia.			
	6 The "Switch As Is" NRC is a conversion charge. One SAI charge is applicable per circuit.
