Vic, we left the rec as is for the agenda (i.e., it doesn't mention "collocation" though the docket title does). You may need to correct this at agenda for the sake of the record. Kay

While the interconnection section of the agreement does contain collocation, the rec is entitled IUR which adequately describes the type of agreement, i.e., collocation is a form of interconnection. To be exact, though, it should be noted as an IURC.

We received a note from CMU asking us to add "collocation" to this docket title. However, "collocation" isn't included on the rec. What is correct?

Thank you. I will place a copy of this e-mail in the docket file in case there is ever a question about the apparent discrepancy between the docket title and the recommendation--and the order to come.

The docket title and progmod both reflect "collocation." Will a verbal amendment to staff's recommendation be made at agenda?

Yes. CMS tells the story. Thanks.

Kay, as noted in the attached file, "new negotiated" made it into the rec but "collocation" did not. My mistake. Please make sure this one is entered into the program modules 20(a) and 20(c), agreements and collocation respectively. Thank you.

Vic, didn't you start this to begin with by wanting to change the title? What's the problem? If you feel interconnection covers it for the rec, then it covers it for the order.

Calvin, unless you direct me to do otherwise, I'm going to follow your direction that no correction is needed because "interconnection" in the rec captures collocation. P.S. Nothing precludes legal from stating in

the order that the interconnection services contained in such agreement involve collocation.

The order can only reflect what the Commission voted on. Therefore, if the rec is inaccurate, the order will be, too.

Based on my conversation with Calvin, there is no need to correct this at the agenda conf.
