Dear Mr. Soria:

Your letter was referred to me for response. By the time the letter was received, this matter has been decided by the Commission and the docket has been closed. However, I would like to respond to your requests.

Vista-United's Certificate to provide local and long distance service has been transferred to Smart City. Smart City will provide service under the same tariffs filed by Vista- United. Therefore, you will be receiving the same service at the same rates that you have been getting in the past. This information was provided by notice sent on October 5, 2000, to each subscriber in the area to be transferred.

At a joint presentation by the companies, Commission staff was informed that the current employees of Vista-United would remain on staff with Smart City. Therefore, I presume that the customers will receive the same quality of customer service they have always received. Smart City represented that the customers should not know a change has taken place with regard to their service.

The Commission has jurisdiction over telecommunications companies pursuant to Chapter 364, Florida Statutes. This transfer will not affect that jurisdiction. Under Chapter 364, however, capital investments are not required. Finally, Chapter 364 does not authorize this Commission to

Dear Ms. Moller:

Your letter was referred to me for response. By the time the letter was received, this matter has been decided by the Commission and the docket has been closed. However, I would like to respond to your requests.

Vista-United's Certificate to provide local and long distance service has been transferred to Smart City. Smart City will provide service under the same tariffs filed by Vista- United. Therefore, you will be receiving the same service at the same rates that you have been getting in the past. Therefore, I presume that the customers will receive the same quality of customer service they have always received. Smart City represented that the customers should not know a change has taken place with regard to their service.

The Commission has jurisdiction over telecommunications companies pursuant to Chapter 364, Florida Statutes. This transfer will not affect that jurisdiction. Under Chapter 364, however, capital investments are not required. Finally, Chapter 364 does not authorize this Commission to

Dear Mr. Lantz:

Your letter was referred to me for response. By the time the letter was received, this matter has been decided by the Commission and the docket has been closed. However, I would like to respond to your requests.

Vista-United's Certificate to provide local and long distance service has been transferred to Smart City. Smart City will provide service under the same tariffs filed by Vista-United. Therefore, you will be receiving the same service at the same rates that you have been getting in the past. This information was provided by notice sent on October 5, 2000, to each subscriber in the area to be transferred.

At a joint presentation by the companies, Commission staff was informed that the current employees of Vista-United would remain on staff with Smart City. Therefore, I presume that the customers will receive the same quality of customer service they have always received. Smart City represented that the customers should not know a change has taken place with regard to their service.

The Commission has jurisdiction over telecommunications companies pursuant to Chapter 364, Florida Statutes. This transfer will not affect that jurisdiction. Under Chapter 364, however, capital investments are not required. Finally, Chapter 364 does not authorize this Commission to
