Re: *Investigation Into Development of Electronic Interfaces for BellSouth's  
Operations Support Systems; Docket 8354-U*

*Performance Measurements for Telecommunications Interconnection,  
Unbundling and Resale; Docket No. 7892-U*

Dear Mr. McAlister:

BellSouth Telecommunications, Inc. ("BellSouth") is hereby providing notice of two data issues that BellSouth has identified that affect calculated measurement results, but for which fixes have not yet been scheduled. Notice of these data issues is not required at this juncture under the procedures established by this Commission in its July 19, 2002 Order, which require that BellSouth provide notice and obtain approval of proposed changes to the method by which its performance results are calculated before those changes are implemented. However, consistent with BellSouth's commitment to keeping regulators and competing carriers informed about validated data issues, BellSouth is providing the enclosed Data Disclosure Report, which describes those validated data issues that BellSouth has identified as of November 30, 2002, that affect performance measurement calculations but for which a fix has not been scheduled. BellSouth will provide this report on an on-going basis. If there are any questions about the information contained in this report, they can be raised at our next industry conference call.

Enclosed for filing please find an original and eighteen (18) copies, as well as an electronic version, of this Data Disclosure Report. I would appreciate your returning the three (3) extra copies stamped "filed" in the enclosed stamped, self-addressed envelopes.

Mr. Reece McAlister
