RE: Docket No. 030051-EG - Petition for modification of residential on-call program and for approval of residential load control pilot project by Florida Power & Light Company.

ISSUE 1: Should FPL's Petition to Modify its Residential On-Call Program and Approve its Residential On-Call Pilot Project be approved?

RECOMMENDATION: Yes. Effective April 1, 2003, FPL's Residential On-Call Program should be closed to new participants and be replaced with FPL's proposed Residential On-Call Pilot Project. The proposed On-Call Pilot Project is expected to provide FPL with information on how load management customers respond to reduced monthly credits. The program is expected to continue to meet the policy objectives of the Florida Energy Efficiency and Conservation Act, to continue to be monitorable, and continue to be cost-effective.
