3. Rule 25-7.015(3) provides in pertinent part:

All records shall be preserved in accordance with the Federal Energy Regulatory Commission's regulations, Title 18, Subchapter F, Part 225, Code of Federal Regulations, entitled "Preservation of Records of Natural Gas Companies" as revised, April 1, 1994, which is incorporated by reference into this rule, with the exception of Item 64 (Records of predecessors and former associates) of the Schedule of records and periods of retention contained in Title 18, Subchapter F, Section 225.3, Code of Federal Regulations. Instead, utilities shall retain records of acquired companies until permission is petitioned for and approved by the Florida Public Service Commission. (Emphasis added)

4. Pursuant to said rule, the Company requests permission to dispose of certain records of acquired companies, specifically Central Florida Gas Company and Plant City Natural Gas Company, as listed on Exhibit "A" hereto. Such records are not needed for any further regulatory or operational purpose. Their continued retention only serves to waste the Company's records storage capacity.

Wherefore, the Company requests that the Commission grant it permission to dispose of records of acquired companies set forth in Exhibit "A" hereto.

Respectfully,

Wayne L. Schiefelbein
