Re: Declaration of "Force Majeure"

This is to advise you that the Free Trade Area of the America's (FTAA) Conference, FTAA Ministerial Meeting and the America's Business Forum Meeting will be held in Miami, Florida beginning November 17, 2003, through November 21, 2003, with venues throughout the Greater Miami Area.

Due to the nature of this event, the potential civil unrest, and a sincere concern related to the safety of all individuals, the City of Miami will be "securing" a 5-block radius surrounding the downtown Miami area around the James L. Knight Center.

Working in conjunction with the City of Miami, State, and Federal Agencies, BellSouth will cordon its Grande Serving Wire Center effective November 15, 2003 through November 21, 2003. Attached are the CLLI codes and NXXs for the Grande Office.

BellSouth will be enforcing a Service Order Freeze for the Grande Office from November 15, 2003, through November 21, 2003. Maintenance and repair will not be possible in the greater downtown Miami area on a timely basis as a good portion of the area will be secured, and traffic and congestion will impact all BellSouth activities.

Force Majeure, Page 2

Attached are pages from the <http://www.miamiftaa2003.com/home.htm> website. These pages provide a picture of the potential for impact and congestion anticipated during the event. The attached pages from the Emergency Management department show that several of the city streets will be closed with the potential of additional closures throughout the Miami Grande Office serving area.

Additionally, BellSouth is declaring a "force majeure" for the Miami Grande Central Office and will suspend the payments for the Service Guarantee Program and the SEEMS payments required by BellSouth's SQM. The suspension will be for the period November 15, 2003 through November 21, 2003. Attached is a "draft" copy of the Carrier Notification that BellSouth will post to its Interconnection Services Website.

Should you have any questions concerning this matter, please contact me.
