Agreement**

REQUEST: BellSouth is to determine if an explanation of SEEM adjustments can be provided by posting this information to the PMAP website using the Exhibits link.

RESPONSE: Yes, this can be provided.

Where there is a SEEM adjustment, BellSouth proposes to include an adjustment code on the Tier 1 or Tier 2 PARIS reports on the PMAP website. Then, on a separate document under the Exhibits link on the BellSouth PMAP website, this code will be cross-referenced with a brief narrative description of the adjustment. These codes and descriptions will be applicable to all CLECs and all States where an adjustment was applied. If there are multiple adjustment codes, the code explanation document under the Exhibits link will contain all of the codes and the narrative descriptions for each code.

Listing the information in this manner should provide the details requested by the CLECs and Staff while avoiding the extensive programming and potential production delays that would be required to place the descriptions on the PARIS reports.
