This Interconnection and Reciprocal Compensation Agreement ("Agreement") is effective as of the 1st day of July 2005 (the "Effective Date"), by and between GTC, Inc. d/b/a/ GT Com ("GT Com") with offices at 502 Cecil G. Costin, Sr. Boulevard, Port St. Joe, FL 32456-1754 and New Cingular Wireless PCS, LLC ("Cingular"), a Delaware limited liability company, with offices at 5565 Glenridge Connector, Atlanta, GA 30342.

2. RECITALS

WHEREAS, GT Com is an incumbent Local Exchange Carrier in the State of Florida;

WHEREAS, Cingular is authorized by the Federal Communications Commission ("FCC") to provide Commercial Mobile Radio Services ("CMRS") and provides such service to its end user customers within the State of Florida;

WHEREAS, GT Com and Cingular exchange calls between their networks and wish to establish Interconnection and Reciprocal Compensation arrangements for exchanging traffic as specified below;

WHEREAS, GT Com's entry into this Agreement does not waive its right to maintain that it is a rural company exempt from Section 251(c) pursuant to Section 251(f) of the Communications Act of 1934, as amended by the Telecommunications Act of 1996 (the "Act");

WHEREAS, Sections 251 and 252 of the "Act", have specific requirements for Interconnection, and the Parties intend that this Agreement meets these requirements; and,

NOW, THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, GT Com and Cingular hereby agree as follows:

II. Article II

1. DEFINITIONS

Special meanings are given to common words in the telecommunications industry, and coined words and acronyms are common in the custom and usage in the industry. Words used in this contract are to be understood according to the custom and usage of the telecommunications industry, as an exception to the general rule of contract interpretation that words are to be understood in their ordinary and popular sense. In

addition to this rule of interpretation, the following terms used in this Agreement shall have the meanings as specified below:

- 1.1 "Act" means the Communications Act of 1934, as amended.
- 1.2 "Affiliate" means a person that (directly or indirectly) owns or controls, is owned or controlled by, or is under common ownership or control with, another person. For purposes of this paragraph, the term "own" means to own an equity interest (or the equivalent thereof) of more than 10 percent.
- 1.3 "Central Office Switch" means a switch used to provide Telecommunications Services, including, but not limited to:
 - (a) "End Office Switch" is a switch in which the subscriber station loops are terminated for connection to either lines or trunks. The subscriber receives terminating, switching, signaling, transmission, and related functions for a defined geographic area by means of an End Office Switch.
 - (b) "Remote End Office Switch" is a switch in which the subscriber station loops are terminated. The control equipment providing terminating, switching, signaling, transmission, and related functions would reside in a host office. Local switching capabilities may be resident in a Remote End Office Switch.
 - (c) "Host Office Switch" is a switch with centralized control over the functions of one or more Remote End Office Switches. A Host Office Switch can serve as an end office as well as providing services to other remote end offices requiring terminating, signaling, transmission, and related functions including local switching.
 - (d) "Tandem Office Switch" is a switching system that establishes trunk-to-trunk connections. Local tandems switch calls from one end office to another within the same geographic area, and access tandems switch traffic from an end office to and from an Interexchange Carrier. A Tandem Office Switch can provide host office or end office switching functions as well as the tandem functions. A Central Office Switch may also be employed as a combination End Office/Tandem Office Switch.
- 1.4 "Commercial Mobile Radio Services" or "CMRS" means Commercial Mobile Radio Services as defined in 47 C.F.R. Part 20.
- 1.5 "Commission" means the Florida Public Service Commission.
- 1.6 "Extended Area Service" or "EAS" is as defined and specified in GT Com's then current General Subscriber Service Tariff.
- 1.7 "Effective Date" means the date first above written.

Interconnection and Reciprocal Compensation Agreement between GT Com and Cingular

- 1.8 "FCC" means the Federal Communications Commission.
- 1.9 "Interconnection" is as defined in 47 C.F.R. Section 51.5.
- 1.10 "Interexchange Carrier" or "IXC" means a carrier, other than a CMRS provider (with the exception of certain interstate interexchange services provided by CMRS carriers, which are subject to interstate access charges) or LEC that provides or carries, directly or indirectly, InterLATA Service or IntraLATA Toll Traffic.
- 1.11 "InterLATA Service" means telecommunications between a point located in a local access and transport area and a point located outside such area.
- 1.12 "IntraLATA Toll Traffic" means those intraLATA station calls that are not defined as Local Telecommunications Traffic in this Agreement.
- 1.13 "Local Access and Transport Area" or "LATA" is as defined in the Act.
- 1.14 "Local Service Area" means, for Cingular, Major Trading Area Number 37 (Jacksonville) and for GT Com, its local calling area contained in GT Com's then current General Subscriber Service Tariff.
- 1.15 "Local Telecommunications Traffic" is defined for all purposes under this Agreement as traffic that, at the beginning of the call is originated by a customer of one Party on that Party's network and terminates to a customer of the other Party on the other Party's network within the same Major Trading Area (MTA). Local Telecommunications Traffic may be handled pursuant to an approved interconnection agreement between the originating Party and a carrier, which performs only a contractual transiting function for the originating Party in lieu of a direct connection between the Parties, provided that the service provided by Cingular is a two-way mobile service. For purposes of determining originating and terminating points, the originating or terminating point for GT Com shall be the end office serving the calling or called party, and for Cingular shall be the originating or terminating cell site location which services the calling or called party at the beginning of the call.
- 1.16 "Local Exchange Carrier" or "LEC" is as defined in the Act.
- 1.17 "Major Trading Area" or "MTA" means Major Trading Area as defined by the FCC in 47 C.F.R. § 24.202(a) or other applicable law.
- 1.18 "Mobile Switching Center" or "MSC" is a switch facility that performs the switching for the routing of calls among its mobile subscribers and subscribers in other mobile or landline networks. The MSC is used to connect and switch trunk circuits within the wireless network and between the wireless network and the public switched network for wireless traffic by a CMRS provider.

Interconnection and Reciprocal Compensation Agreement between GT Com and Cingular

- 1.19 "Non-Local Telecommunications Traffic" is all traffic that is not Local Telecommunications Traffic.
- 1.20 "NPA" or the "Number Plan Area" also referred to as an "area code" refers to the three-digit code which precedes the NXX in a dialing sequence and identifies the general calling area within the North American Numbering Plan scope to which a call is routed to (*i.e.*, NPA/NXX-XXXX).
- 1.21 "NXX" means the three-digit code, which appears as the first three digits of a seven-digit telephone number within a valid NPA or area code.

- 1.27 "Telecommunications Carrier" means any provider of telecommunications services (as defined in the Act), except that such term does not include aggregators of telecommunications services (as defined in 47 U.S.C. Section 226(a)(2)).
- 1.28 "Termination" means the switching of Local Telecommunications Traffic at the terminating carrier's End Office Switch, or equivalent facility, and delivery of such traffic to the called party.
- 1.29 "Transiting Traffic" is traffic that originates from one provider's network, "transits" one or more other provider's network substantially unchanged, and terminates to yet another provider's network.

- 1.30 "Transport" means the transmission and any necessary tandem switching of Local Telecommunications Traffic subject to Section 251(b)(5) of the Act from the Point of Interconnection between the two carriers to the terminating carrier's End Office Switch that directly serves the called party, or equivalent facility provided by a carrier other than an incumbent LEC.
- 1.31 "Type 1 Service" often referred to as a line-side trunk connection, is a service that involves connection to a telephone company end office similar to that provided to a private branch exchange (PBX). A type 1 Service is offered in connection with the provision of telephone numbers hosted by a GT Com switch.
- 1.32 "Type 2 Service" often referred to as a trunk side connection, is a service that involves interconnection to a telephone company end office (Type 2-B) or tandem (Type 2-A).

2.0 INTERPRETATION AND CONSTRUCTION

All references to Sections, Exhibits and Schedules shall be deemed to be references to Sections of, and Exhibits and Schedules to, this Agreement unless the context shall otherwise require. The headings of the Sections and the terms are inserted for convenience of reference only and are not intended to be a part of or to affect the meaning of this Agreement. Unless the context shall otherwise require, any reference to any agreement, other instrument or other third party offering, guide or practice, statute, regulation, rule or tariff is for convenience of reference only and is not intended to be a part of or to affect the meaning of a rule or tariff as amended and supplemented from time-to-time (and, in the case of a statute, regulation, rule or tariff, to any successor provision).

3.0 SCOPE

3.1 This Agreement is intended, *inter alia*, to describe and enable specific direct and indirect Interconnection and Reciprocal Compensation arrangements between the Parties. This Agreement does not obligate either Party to provide arrangements not specifically provided for herein.

3.2 This Agreement sets forth the terms, conditions, and rates under which the Parties agree to interconnect the CMRS network of Cingular and the LEC network of GT Com for purposes of exchanging Local Service Area traffic, provided that the service provided by Cingular to its customer is a two-way mobile service as defined in 47 U.S.C. §153(27). This Agreement does not cover Cingular one-way paging service traffic as defined in 47 C.F.R. § 22.99, or fixed wireless service. Cingular does not currently provide fixed wireless services in GT Com's Local Service Area. Cingular agrees that it will provide GT Com prior notice of its intent to launch fixed wireless services in GT Com's Local Service Area. Upon GT Com's receipt of such notice, the Parties agree to

negotiate an appropriate agreement or an Amendment to this Agreement, which will address the exchange of such traffic.

3.3 Cingular represents that it is a CMRS provider of telecommunications services to subscribers in MTA No. Number 37 (Jacksonville). Cingular's NPA/NXXs are listed in Telcordia's Local Exchange Routing Guide ("LERG") for Operating Company Number ("OCN") 6205 and 6010 in the State of Florida.

3.4 This Agreement is limited to GT Com end user customers' traffic for which GT Com has tariff authority to carry. GT Com's NPA/NXX(s) are listed in the LERG under OCN 0291.

3.5 Cingular may order facilities from GT Com for delivery of EAS traffic directly to Cingular. If Cingular orders such facilities, the Parties agree that an NPA/NXX assigned to Cingular shall be included in any EAS calling scope to the same extent as any other incumbent LEC's NPA/NXX in the same rate center provided that Cingular assigns numbers from such NPA/NXX(s) to customers that are within the Local Service Area of GT Com.

3.6 Non-Local Telecommunications Traffic exchanged through an Interexchange Carrier ("IXC") is not covered under this Agreement

3.7 Any amendment, modification, or supplement to this Agreement must be in writing and signed by an authorized representative of each Party.

4.0 SERVICE AGREEMENT

Description of Arrangements. This Agreement provides for the following interconnection and arrangements (direct or indirect) between the networks of GT Com and Cingular. Additional arrangements that may be agreed to in the future will be delineated in Attachment A to this Agreement. Routing of traffic shall be as described in this section, except that, alternatives may be employed in the event of emergency or temporary equipment failure.

4.1 Direct Interconnection at Port St. Joe: A Type 2A two-way direct trunk group will be established and provisioned between GT Com's Port St. Joe Tandem Office Switch (PTSJFLXA03T) and Cingular's point of presence in the Port St. Joe exchange, with the point of interconnection designated at GT Com's Port St. Joe Tandem Office Switch. This trunk group is provisioned in connection with Cingular's NPA/NXX(s) as listed in the LERG and that are rate centered at GT Com's exchange(s) or EAS exchange(s). Applicable tariff charges for establishing and provisioning this trunk group are billed by GT Com to Cingular as described in Section 5.4.5 below.

Interconnection and Reciprocal Compensation Agreement between GT Com and Cingular

4.1.1 Landline-to-Wireless: Local Service Area calls from GT Com customers to Cingular customers shall be routed from GT Com's Port St. Joe Tandem Office Switch to Cingular *via* the two-way direct trunk group.

4.1.2 Wireless-to-Landline: Local Service Area calls originated by Cingular's customers within MTA No. 37 (Jacksonville) or customers of another CMRS provider that has entered into roaming arrangement with Cingular, while roaming in MTA No. 37, to GT Com customers shall be routed from Cingular's network *via* the two-way direct trunk group to GT Com's Port St. Joe Tandem Office Switch for termination by GT Com to its customers, as appropriate.

4.2 Direct Interconnection at Perry: A Type 2B two-way direct trunk group will be established and provisioned between GT Com's Perry End Office Switch (PRRYRLXADS0) and Cingular's point of presence in the Perry exchange, with the point of interconnection designated at GT Com's Perry End Office Switch. This trunk group is provisioned in connection with Cingular's NPA/NXX(s) as listed in the LERG and that are rate centered at GT Com's exchange(s) or EAS exchange(s). Applicable tariff charges for establishing and provisioning this trunk group are billed by GT Com to Cingular as described in Section 5.4.5 below.

4.2.1 Landline-to-Wireless: Local Service Area calls from GT Com customers to Cingular customers shall be routed from GT Com's Perry End Office Switch to Cingular *via* the two-way direct trunk group.

4.2.2 Wireless-to-Landline: Local Service Area calls originated by Cingular's customers within MTA No. 37 (Jacksonville) or customers of another CMRS provider that has entered into roaming arrangement with Cingular, while roaming in MTA No. 37, to GT Com customers shall be routed from Cingular's network *via* the two-way direct trunk group to GT Com's Perry End Office Switch for termination by GT Com to its customers, as appropriate.

4.3 Indirect Traffic to GT Com: To the extent that Cingular and a third party have entered into or may enter into contractual arrangements for the delivery of Cingular traffic to GT Com's network for termination to GT Com's customers, GT Com will accept this traffic subject to the compensation arrangement as outlined in Section 5 below.

4.4 Transit Traffic: The Parties acknowledge and agree that this Agreement is intended to govern the exchange of traffic to and from the Parties' respective networks only. Traffic that is originated on a network of a non-party Telecommunications Carrier ("Non-Party Carrier") and routed to GT Com may be delivered to Cingular's network. In addition, traffic that is originated by a customer or roamer of Cingular on Cingular's network that is routed to GT Com may be delivered to a Non-Party Carrier. If a Non-Party Carrier objects to the delivery of such traffic, then either Party to this Agreement may request direction from the Commission, FCC, Florida state courts or federal courts. If GT Com is the transiting carrier, GT Com will continue to perform transiting functions

for Cingular pending ruling from the Commission, FCC, Florida state courts or federal courts. If GT Com is the transiting carrier, GT Com will bill the originating carrier (Cingular or a Non-Party Carrier) the transiting charge, as specified in Section 5 below. In order for Cingular or a Non-Party Carrier to bill the originating carrier (a Non-Party or Cingular) for charges it is obligated to pay, GT Com will provide, subject to availability, total minutes of Transiting Traffic terminating to the terminating carrier (Non-Party Carrier or Cingular). Cingular shall not perform a transiting function on behalf of a Non-Party Carrier for traffic originated by a Non-Party Carrier that is delivered to GT Com.

5.0 COMPENSATION

5.1 Traffic Subject to Reciprocal Compensation.

Reciprocal Compensation is applicable for Transport and Termination of Local Telecommunications Traffic as defined in Section 1.15 and is related to the exchange of traffic described in Section 4 and in Attachment A, as applicable. For the purposes of billing compensation for Local Telecommunications Traffic, billed minutes will be based upon actual usage recorded and/or records/reports provided by the transiting carrier. To the extent that either Party cannot measure the traffic, traffic factors shall be used as referenced in Section 5.4.4. The Parties acknowledge that Cingular currently cannot measure traffic based on cell site sectors. Measured usage begins when the terminating recording switch receives answer supervision from the called end-user and ends when the terminating recording switch receives or sends disconnect (release message) supervision, whichever occurs first. The measured usage is aggregated at the end of the measurement cycle and rounded to a whole minute. Billing for Local Telecommunications Traffic shall be based on the aggregated measured usage less traffic recorded as local that is Non-Local Telecommunications Traffic.

The rate for Reciprocal Compensation is \$0.020 per minute.

The Parties agree to bill each other for Local Telecommunications Traffic as described in this Agreement unless the Local Telecommunications Traffic exchanged between the Parties is balanced and falls within an agreed upon threshold ("Traffic Balance Threshold"). The Parties agree that for purposes of this Agreement, the Traffic Balance Threshold is reached when the Local Telecommunications Traffic exchanged, both directly and indirectly, falls between 55% / 45% in either the wireless-to-landline or landline-to-wireless direction. When either party's actual usage data for three (3) consecutive months indicates that the Local Telecommunications Traffic exchanged, both directly and indirectly, falls within the Traffic Balance Threshold, then either Party may provide the other Party a written request, along with verifiable information supporting such request, to eliminate billing for Reciprocal Compensation per minute. Upon written consent by the Party receiving the request, which shall not be withheld unreasonably, there will be no billing for Reciprocal Compensation on a going forward basis unless otherwise agreed to by both Parties, in writing. The Parties' agreement to eliminate

billing for Reciprocal Compensation carries with it the precondition regarding the Traffic Balance Threshold discussed above. As such, the two points have been negotiated as one interrelated term containing specific rates and conditions, which are non-separable for purposes of Section 15, hereof.

5.2 Traffic Subject to Switched Access Compensation.

Switched Access Compensation is applicable to all Non-Local Telecommunications Traffic exchanged between GT Com and Cingular, to the extent that such traffic is not handed off to an IXC. Cingular shall compensate GT Com at GT Com's interstate Switched Access rates for all such Non-Local Telecommunications Traffic. Because the Parties do not have the ability to measure Non-Local Telecommunications Traffic, the Parties agree to rely on the Traffic Factor established in Section 5.4.3.

5.3 Traffic Subject to Transit Compensation.

Transit Compensation is applicable to Transit Traffic that originates on Cingular's network and is routed to GT Com for delivery to a Non-Party telecommunications carrier as described in Section 4.4 above.

The rate for Transiting Compensation is \$0.005 per minute.

5.4 Calculation of Payments and Billing.

5.4.1 GT Com shall compensate Cingular for Local Telecommunications Traffic that is delivered by GT Com to Cingular, as prescribed in Section 4.1, 4.2 and in Attachment A, as applicable, and at the rate provided in Section 5.1. Cingular will compensate GT Com for Local Telecommunications Traffic delivered to GT Com for termination to its customers, as prescribed in Sections 4.1, 4.2, 4.3 and in Attachment A, as applicable and at the rate provided in Section 5.1; for Switched Access Traffic exchanged between Cingular & GT Com, as prescribed and at the rates provided in Section 5.2; and for Transit Traffic described in 4.4 and at the rate provided in Section 5.3; above.

5.4.2 GT Com shall prepare a monthly billing statement to Cingular which will separately reflect the calculation of Reciprocal Compensation, Access Compensation, Transit Compensation and total compensation due GT Com. Cingular will then apply the actual measured traffic ratio or the agreed upon Traffic Factor listed below in 5.4.4 against the total Reciprocal Compensation charges billed by GT Com to Cingular. Cingular will invoice GT Com, on a monthly basis, GT Com's proportionate cost reflecting the calculation of Reciprocal Compensation due Cingular.

5.4.3 Recognizing that GT Com has no way of measuring the Non-Local Telecommunications Traffic and in the event that Cingular does not track the usage information or perform periodic (quarterly or semi-annual) traffic studies required to identify the Non-Local Telecommunications Traffic originated or terminated by GT Com, Parties agree to a default factor of 0% as an estimate of Non-Local Telecommunications Traffic. The actual recorded usage shall be the basis for billing, when available and verifiable.

5.4.4 The Parties acknowledge that 7% of the direct interconnection facilities are used solely for the transport of Transiting traffic destined for Cingular. Cingular is responsible for the full cost of transport for such Transiting traffic. This percentage is referred to as the Transiting Factor. The recurring charges for the remaining portion of the interconnection facilities billed by GT Com which are used for two-way traffic exchange between the Parties shall be shared based on each Party's proportion of originating Local Telecommunications Traffic to total traffic exchanged between the Parties, in accordance with this Agreement. If actual usage data is not available in order to determine the amount of traffic exchanged between the Parties, then an estimated percentage of originating traffic to total traffic may be used. This estimated percentage is referred to as the Traffic Factor and is listed below. The charges for such facilities, excluding cost of new construction, provided and billed by GT Com shall be reduced by applying the Transiting Factor and the Traffic Factor. The Parties agree to review these percentages on a periodic basis and, if warranted by the actual usage, revise the Traffic Factor appropriately.

- a) Landline-to-Wireless - 30%
- b) Wireless-to-Landline - 70%

5.4.5 Each party may request to inspect, during normal business hours, the records which are the basis for any monthly bill issued by the other Party and to request copies thereof provided that the requested records do not exceed 12 months in age from the date the monthly bill containing said record information was issued.

5.4.6 All charges under this agreement shall be billed within one year from the time the charge was incurred; previously unbilled charges more than one year old shall not be billed by either party, and shall not be payable by either party.

6.0 NOTICE OF CHANGES

If a Party contemplates a change in its network, which it believes will materially affect the inter-operability of its network with the other Party, the Party making the

change shall provide at least ninety (90) days advance written notice of such change to the other Party.

The Party receiving such change notice may object in writing within ten (10) business days of receipt if the proposed network change will significantly impair the receiving Party from offering a service currently offered or substantially increase the receiving Party's cost of offering such service. Such objection shall be handled pursuant to Section 18.1 of this Agreement. Neither Party shall discontinue any Interconnection arrangement or telecommunications service provided or required under this Agreement as of the date of the network change notice prior to conclusion of the procedures set forth in Section 18.1.

7.0 GENERAL RESPONSIBILITIES OF THE PARTIES

7.1 The Parties are each solely responsible for participation in and compliance with national network plans, including The National Network Security Plan and The Emergency Preparedness Plan. Neither Party shall use any service related to or use any of the Services provided in this Agreement in any manner that prevents other persons from using their service or destroys the normal quality of service to other carriers or to either Party's customers, and subject to notice and a reasonable opportunity of the offending Party to cure any violation, either Party may discontinue or refuse service if the other Party violates this provision.

7.2 Each Party is solely responsible for the services it provides to its customers and to other Telecommunications Carriers.

7.3 Each Party is responsible for obtaining Local Exchange Routing Guide ("LERG") listings of the Common Language Location Identifier ("CLLI") assigned to its switches.

7.4 SS7 Out of Band Signaling (CCS/SS7) shall be the signaling of choice for interconnecting trunks where technically feasible for both Parties. Use of a third-party provider of SS7 trunks for connecting Cingular to the GT Com SS7 systems is permitted. Such connections will meet generally accepted industry technical standards.

7.5 Each Party shall be responsible for its own independent connections to the 911/E911 network.

7.6 The carrier responsible for originating the traffic shall identify all traffic originated by such carrier. Such information shall be rendered as part of the SS7 call record in generally accepted industry format and shall include, but not necessarily limited to Jurisdictional Identification Parameter (JIP) where technically feasible and any other available information to help facilitate a timely and accurate billing process.

8.0 TERM AND TERMINATION

8.1 Subject to the provisions of Section 14, the initial term of this Agreement shall be for two years ("Term"), which shall commence on the Effective Date. This Agreement shall automatically renew for successive six-month periods, unless, not less than one hundred twenty (120) days prior to the end of the Term or any renewal term, either Party notifies the other Party of its intent to renegotiate a new agreement. In the event of such renegotiation, this Agreement shall remain in effect until such time that a new agreement becomes effective.

8.2 The Parties agree that disputed and undisputed amounts due under this Agreement shall be handled as follows:

8.2.1 If any portion of an amount due to a Party (the "Billing Party") under this Agreement is subject to a bona fide dispute between the Parties, the Party billed (the "Non-Paying Party") shall, within thirty (30) days of its receipt of the invoice containing such disputed amount, give written notice to the Billing Party of the amounts it disputes ("Disputed Amounts") and include in such notice the specific details and reasons for disputing each item. The Non-Paying Party shall pay when due all undisputed amounts to the Billing Party. The Parties will work together in good faith to resolve issues relating to the disputed amounts. If the dispute is resolved such that payment of the disputed amount is required, whether for the original full amount or for the settlement amount, the Non-Paying Party shall pay the full disputed or settlement amounts with interest at the lesser of (i) one and one-half percent (1-1/2%) per month or (ii) the highest rate of interest that may be charged under Florida's applicable law. In addition, the Billing Party may initiate a complaint proceeding with the appropriate regulatory or judicial entity, if unpaid undisputed amounts become more than 90 days past due, provided the Billing Party gives an additional 30 days notice and opportunity to cure the default.

8.2.2 Any undisputed amounts not paid when due shall accrue interest from the date such amounts were due at the lesser of (i) one and one-half percent (1-1/2%) per month or (ii) the highest rate of interest that may be charged under Florida's applicable law.

8.2.3 Undisputed amounts shall be paid within thirty (30) days of receipt of invoice from the Billing Party.

- (b) Each Party shall promptly pay all amounts (including any late payment charges) owed under this Agreement;
- (c) Each Party's indemnification obligations shall survive termination or expiration of this Agreement.

8.4 The non-defaulting Party may terminate this Agreement in whole or in part in the event of a default of the other Party, provided, however, that the non-defaulting Party provides the defaulting Party and the appropriate federal and/or state regulatory bodies with at least ninety (90) days written notice of the default prior to terminating service.

9.0 CANCELLATION CHARGES

Except as provided herein, no cancellation charges shall apply.

10.0 NON-SEVERABILITY

10.1 The services, arrangements, terms and conditions of this Agreement were mutually negotiated by the Parties as a total arrangement and are intended to be non-severable.

10.2 Nothing in this Agreement shall be construed as requiring or permitting either Party to contravene any mandatory requirement of federal or state law, or any regulations or orders adopted pursuant to such law.

11.0 INDEMNIFICATION

- (1) In the event the Indemnifying Party does not promptly assume or diligently pursue the defense of the tendered action, then the Indemnified Party may proceed to defend or settle said action and the Indemnifying Party shall hold harmless the Indemnified Party from any loss, cost liability, damage and expense.
- (2) In the event the Party otherwise entitled to indemnification from the other elects to decline such indemnification, then the Party making such an election

Further, this Agreement is subject to change, modification, or cancellation as may be required by a regulatory authority or court in the exercise of its lawful jurisdiction, and pursuant to the Change in Law provisions in Section 15.0.
