#### BEFORE THE PUBLIC SERVICE COMMISSION

In re: Investigation into the establishment of DOCKET NO. 000121A-TP operations support systems permanent performance measures for incumbent local telecommunications exchange companies. (BELLSOUTH TRACK)

ORDER NO. PSC-05-0868-CFO-TP ISSUED: August 31, 2005

#### ORDER GRANTING IN PART, AND DENYING IN PART, BELLSOUTH'S REQUEST FOR CONFIDENTIAL CLASSIFICATION OF DOCUMENT NOS. 04550-05 AND 04853-05

By Order No. PSC-01-1819-FOF-TP, issued September 10, 2001, in Docket No. 000121A-TP, we adopted a Performance Assessment Plan for purposes of monitoring performance levels of Operations Support Systems provided to CLECs. The Performance Assessment Plan is comprised of a Service Quality Measurement Plan (SQM) and a Self-Effectuating Enforcement Mechanism (SEEM) Administrative Plan. The SOM is a comprehensive and detailed description of BellSouth Telecommunications, Inc.'s (BellSouth) performance measurements. BellSouth's SQM Plan currently consists of 90 measurements with each related to a specific portion of BellSouth's Operations Support Systems. The SEEM Plan includes key measures to which remedy payments are applied if BellSouth fails to meet the performance standards as agreed by the parties and approved by this Commission.

On April 19, 2005, BellSouth filed the Final Report of the Audit of BellSouth's Performance Assessment Plan for Florida conducted by the Liberty Consulting Group (Final Report). On May 10, 2005, BellSouth filed a Request for Confidential Classification pursuant to Section 364.183(12), Florida Statutes. In its request, BellSouth seeks confidential classification of certain information contained in the Final Report (Document Nos. 04550-05 and 04853-05).

BellSouth asserts in its request that certain information contained in the Final Report is proprietary and confidential business information of a technical nature used by BellSouth in conducting its business and not commonly known by or available to the public. BellSouth asserts it derives economic value from this information not being generally known to, and not being readily ascertainable by competitors who can obtain economic value from its disclosure. Specifically, BellSouth contends the Final Report contains network operations/systems that are necessary to implement the SEEM plan and the functions each perform, as well as specific coding of order which BellSouth considers proprietary and confidential.

Florida law presumes that documents submitted to governmental agencies shall be public records. The only exceptions to this presumption are the specific statutory exemptions provided in the law and exemptions granted by governmental agencies pursuant to the specific terms of a statutory provision. This presumption is based on the concept that government should operate in the "sunshine." Rule 25-22.006 (4)(c), Florida Administrative Code, provides that it is the Company's burden to demonstrate that the documents fall into one of the statutory examples set

out in Section 364.183, Florida Statutes, or to demonstrate that the information is proprietary confidential information, the disclosure of which will cause the Company or its ratepayers harm.

Section 364.183 (3), Florida Statutes, in pertinent part, provides:

The term "proprietary confidential business information" means information, regardless of form or characteristics, which is owned or controlled by the person or company, is intended to be and is treated by the person or company as private in that the disclosure of the information would cause harm to the ratepayers or the person's or company's business operations, and has not been disclosed unless disclosed pursuant to a statutory provision, an order of a court or administrative body, or private agreement that provides that the information will not be released to the public.

Based on the definition of proprietary confidential business information in Section 364.183 (3), Florida Statutes, it appears that portions of the material described herein is proprietary business information in accordance with Section 364.183, Florida Statutes, and Rule 25-22.006, Florida Administrative Code. This information is related to Bellsouth's competitive interests, the disclosure of which could impair BellSouth's competitive business interests. However, certain information BellSouth requests to be classified as confidential is available through open source documents or is otherwise publicly available. As such, BellSouth's Request for Confidential Classification of certain information contained in the Final Report is hereby granted in part, and denied in part, as set forth in Attachment A of this Order.

Based on the foregoing, it is

ORDERED by Commissioner J. Terry Deason, as Prehearing Officer, that BellSouth Telecommunications, Inc.'s Request for Confidential Classification of the Final Report of the Audit of BellSouth's Performance Assessment Plan for Florida conducted by the Liberty Consulting Group (Nos. 04550-05 and 04853-05) is granted in part, and denied in part, as set forth in Attachment A. It is further

ORDERED that pursuant to Section 364.183, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, the confidentiality granted to the material specified herein shall expire eighteen (18) months from the date of the issuance of this Order, in the absence of a renewed request for confidentiality pursuant to Section 364.183, Florida Statutes. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

#### NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Director, Division of the Commission Clerk and Administrative Services, in the form prescribed by Rule 25-22.060, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.
